Chicago — Five persons were killed and two were missing in a fire early Saturday in a four-story apartment building on the south side. Three bodies were identified in a morgue and two others were seen in the ruins by firemen who were hampered in rescue work by fallen debris and ice.

The identified dead were Anthony Harde 24; Olive, 22, his wife Loretta Harde, 16; Doris Mayfield 18-months old daughter of the Harde's; and Miss Lora Jones Miss Elizabeth Bryor mother of Loretta, is still missing.

The bodies of a woman and baby were seen by rescuers on the third floor and it was thought that more might be uncovered when the wreck age and ice were penetrated.

Four injured persons were taken to hospitals and others slightly injured were sheltered by neighbors and the adjoining Del Prado hotel. A few of the hundreds occupants of the burning apartment were rescued by guests of the hotel who pushed boards into opposite windows and others jumped into the life nets of the firemen.

2 KILLED IN JUMPING  
The two women were killed in jumps from the third story windows firemen said.

The fire started shortly before 3 o'clock on one of the lower floors of the building erected during the world's fair.

Many of the occupants sublet house-keeping rooms and the building was filled to capacity. Miss Elizabeth Fritz the owner said.

Watson Geiger of Oshkosh, Robert Hilton, Bloomington, Ill., Dodge Simmons and Earle English, all Delta Upsilon fraternity men at the University of Chicago, rescued a number of persons from the burning building.

The students were on the scene before police or firemen arousing the sleeping tenants and aiding them to the street.

The students were of the belief that defective wiring probably caused the fire. The building erected in world's fair time, was intended to be fireproof, but some sort of an electric wiring system was observed by the students.

AGED OSHKOSH PIONEER  
MEETS DEATH IN RIVER

By Associated Press

Oshkosh — Elmer Edmann, aged nearly 73 years and a resident of Oshkosh for nearly half a century, met death in the Fox river shortly before 6 o'clock Friday evening. He was a factory employee. While there was a number of drownings surrounding the tragedy which gave it the appearance of being a deliberate attempt at self destruction there were others when cause the family to believe it was an accident. The place where he went into the river is just east of the north approach to the Jackson Oregon bridge. The ice has been cut away by workmen on a cable for the cable for the Wisconsin Telephone Co.

Mr. Edmann was seen to crouch or kneel down by the open space by the river close to shore and then to turn his or fall into the water. The body was recovered quickly but efforts to resuscitate were unavailing. He had been subject to spells of dizziness of late.

RUMANIA GIVES U. S.  
MISSIONARY 15 DAYS  
TO CROSS ITS BORDER

Bucharest, Roumania — The Roumanian authorities have ordered the Rev. Daniel Hurley, an American citizen, to leave the country within fifteen days. No charges are preferred against him. The order is based on a recent law granting the authorities power to order foreigners considered undesirable to quit the country. The law ostensibly was intended to counteract the spread of communist propaganda.

Mr. Hurley was sent here from the United States about a year ago by the Southern Baptist Mission board as a teacher in the seminary organized in Bucharest by the American board. It is thought possible the orthodox church may have objected to his teachings as likely to create religious differences and threaten the dominance of the orthodox faith.

Mr. Hurley appealed to the American consul who requested the authorities to revoke the order against him.

SEARCH HOSPITALS FOR  
MISSING PIANO ARTIST

New York — Hospitals in this and other cities are being searched for Ethel Leginska, pianist, who disappeared last Monday night, on the day that she may have been taken to some hospital suffering from amnesia or mental aberration. Her friends are generally of the opinion that she suffered a nervous breakdown, as she has in the past.

Although city police and detectives have searched for five days they have found no trace of Miss Leginska. Her engagements for the next three months have been cancelled and descriptions of her have been radioed.

SON'S RETURN REVIVES  
AGED FORMER GOVERNOR

Oconto — Former Governor Edward Scofield was resting comfortably at his home here Saturday, according to his attending physician, Dr. Minnie M. Hopkins, who attributes the improvement in his condition to the return home of his son George. The latter had been gone for several weeks. Friday the aged man was able to partake of nourishment for the first time this week.

Western Alumni Resent  
Charges Of Graft, Drink

New York — Charges of encouragement by college alumni of graft in athletics and of drinking of liquor, have created a furore among graduates among Western conference universities living in New York.

Vigorous informal discussion arose after the charges were made Friday night by Charles Russ Richards, president of Lehigh University and graduate of Purdue. At the annual dinner of the New York Association of Western conference universities he said:

"Very largely through alumni influence intercollegiate athletics have been so prostituted as to render them positively undesirable in their effects upon the general character and the professional ethics of college students. When in order to secure winning teams our athletes are subsidized by one device or another, and the spirit of graft and hypocrisy is thus openly

POLICE TRACE  
SLAYERS FROM  
PISTOL NUMBERPair Confesses to Fatal Holdup  
Attempt Near Chicago  
in December

By Associated Press

Chicago — Traced by the number of a German pistol Edward J. Smith and Bernhard Mylen of Milwaukee police said, have confessed here that they killed Russell Dickey, express messenger on the Viking, crack Chicago and Northwestern passenger train, in an attempted holdup near Chicago Dec. 30.

The pistol was thrown from a taxicab in which Mylen fled after he jumped from the train at Highland Park a suburb Mylen formerly a machinist on the railroad claimed he shot Dickey by accident when he resisted Smith was a Chicago and Northwestern railroad baggageman.

Unable to open an express company strongbox which contained upwards of \$200,000 after shooting Dickey, Mylen commandeered a taxicab and drove to Evanston where he disappeared. The authorities said. Detectives who found the pistol cabled the manufacturers who revealed the name of the importer in New York to whom it was consigned and thence traced it to N. Shure and Co., Chicago dealers. They said they shipped it parcel post to F. J. Kilmer, hardware dealer, Oconto Falls, with two silver platters.

Kilmer said he had never received the package which detectives learned had been shipped on a train on which Smith was baggageman.

The platters were found in Smith's home and his arrest and alleged confession followed.

Smith planned the robbery and agreed to furnish the revolver. Mylen's confession said both returned to Milwaukee after the attempted robbery.

The men will be taken to Waucogan, Jackson, the authorities said and will be charged with murder; there because the attempted robbery and killing occurred at Ravina in that county.

DRIVER OF DEATH CAR  
SUES VICTIM'S FATHER

By Associated Press

Paris — The chauffeur, Bator, in whose taxicab young Philippe Daudet was found dying in November 1923 has brought a libel action against the youth's father, Leon Daudet, Royal list leader and former deputy. The case is called for May 23.

After an investigation of more than a year Leon Daudet early this week lodged charges against five persons who he alleges were implicated in the death of his son. He charged that the crime was of a political nature and named a police commissary, two officers and a former officer of the secret service and a storekeeper. After the shooting he claimed the youth was placed in the taxicab with the revolver beside him in an attempt to induce suicide.

and flagrantly encouraged, the college boy is led to believe that anything is right if you can get by with it. Men thus educated will be more dangerous to society than the uneducated ruffian or crook.

"Again the alumni constitute one of the most serious enemies to the development and maintenance of proper moral standards among students. Many college students today seem inclined to go to greater excesses in the use of intoxicating liquors than in the past. College officers are doing everything in their power to create a proper restraint against these evils but their task is rendered vastly more difficult when alumni of a fraternity carry liquor into the fraternity house and when it seems necessary that every alumni dinner or reunion be sufficiently wet to supply the stimulus for what is regarded as a hilarious time."

Why Death?  
Badger Believes Death Can  
Be Averted

Prof. M. F. Giger of the University of Wisconsin, believes that death can be averted. He bases his belief on the fact that he has been able to keep cells and tissues of a human body alive for an indefinite period. He uses a chemical solution containing lithium chloride. Death, he says, results from parasitic accumulations in human cells and can be corrected by rejuvenating the tissues.

to Save City

By Associated Press

Nome, Alaska — Nome, hemmed in from the outside world by snow-covered peaks and deeply covered trails expected to be saved Saturday from the ravages of a blizzard in epidemic by one of her own townsmen, Leonard Seppala, a champion dog team driver.

Seppala, riding behind a picked team of dogs, was making his way over different trails from Kaltag, a distance of 300 miles endeavoring to break his own record on that road and set up a new world record for dog team travel. He carried 300,000 units of antitoxin sorely needed here to continue the fight against diphtheria.

Dashing away from Kaltag at 1 o'clock Friday afternoon Seppala was riding to his destination determined to arrive in Nome at 1 o'clock Saturday afternoon, thereby completing a dog team relay of 650 miles from Nenana, a railroad point, and setting up a new record for dog team travel. The antitoxin was sent from Anchorage to Nenana by rail.

Seattle, Wash. — The steamship Alameda was prepared to depart from here Saturday with 1,100,000 units of antitoxin for Seward where it is to be sent to Nenana. From there the serum is to be taken by dog team relays to Nome. This serum is to supplement 300,000 units scheduled to arrive in Nome by sleigh Saturday from Nenana.

Although Roy Darling, former United States Navy aviator now in Fairbanks has been granted permission to take the serum by plane to Nome, officials of the local branch of the United States Public Health Service declared Surgeon General Hugh Cummings has ordered all shipments to go forward by dog team down the Yukon river from Nenana.

PLAN NEW HOSPITAL FOR  
VETERANS OF MINNESOTA

Washington, D. C. — Construction of a general hospital for war veterans in the vicinity of the Twin cities or Rochester, Minn., has been approved by President Coolidge.

Plans for the hospital, as drawn up by the federal board of hospitalization, included provision for an observation ward for tubercular patients.

Present hospital facilities at Hot Springs, S. D., also will be extended to accommodate 300 additional tubercular patients.

The board recommended that investigation be made with a view to providing hospital facilities for North Dakota veterans in their own state. Expansion of the Hot Springs hospital will begin immediately. The size and detailed character of the new Minnesota hospital are yet to be determined.

SENATE SEES  
DAYLIGHT IN  
STONE FIGHTUpper House Probably Will Confirm  
Appointment to End  
Controversy

WARREN IS DIPLOMAT

Confirmation of Appointment  
Will Eliminate Stone from  
Wheeler Case

By DAVID LAWRENCE

Copyright 1925 by the Post Pub. Co.  
Washington, D. C. — The senate is beginning to see daylight ahead in the controversy over the confirmation of Attorney General Stone as associate justice of the Supreme Court of the United States.

To halt the confirmation and insist on a dropping of the proceedings against Senator Wheeler was one course discussed but abandoned, for even a minority of the senate cannot be in the position of asking a special favor for any of its members as a price of approving a nomination. The other course is to confirm Mr. Stone and insist that the Wheeler case be considered on its merits. Under a new attorney general it would be considered anew anyhow. Charles Beecher Warren is to be the new head of the department of justice. He understands politics and the ways of politics much better than Mr. Stone. He is a partisan, of course but a diplomat too. In fact he is so much of a diplomat that gossip continues to associate his name with a possible succession some day to Mr. Kellogg as secretary of state.

In any event Mr. Warren knows that a procedure against a United States senator involving political phases is not only tactless but futile and that time and money are wasted in a controversy that can be brushed aside if the facts in the case warrant it.

FRIENDS ARE CONFIDENT  
These are all sorts of impressions as to the merits of the Wheeler case but his staunch friends in the senate insist that when all the data is presented he will be found not guilty of the charges being handed about now. If the government, on the other hand, has not a doubtful case but a strong chain of evidence, Mr. Warren is the type of man who will make that clear to public opinion before attempting to carry the case on at all.

The line between a senator's service to a constituent in federal matters for which he receives no pay and service to a constituent for legal matters before a state court or in private consultation is not always easy to draw any more than is the line of states in the practice of federal office holders of resigning their jobs only to reappear before the very same men with whom they had been associated or whose appointments they had helped to secure.

DISCOUNT RUMORS  
The start of the Wheeler case was a technical matter of this kind. Since then there have been whisperings that further evidence has been developed. Washington is full of rumors but many of them are discounted because the department of justice under the Daugherty regime had a reason for exposing the Montana senator if it could and until the evidence is made public the burden of proof will remain on the prosecutors. So the senate probably will confirm Mr. Stone which means his elimination from the Wheeler case. Should it ultimately turn out that the proceedings were baseless, it would be a subject for debate as to the wisdom of the appointment and since the radicals have been attacking the judiciary right along, they probably will make the most of the incident in their next campaign.

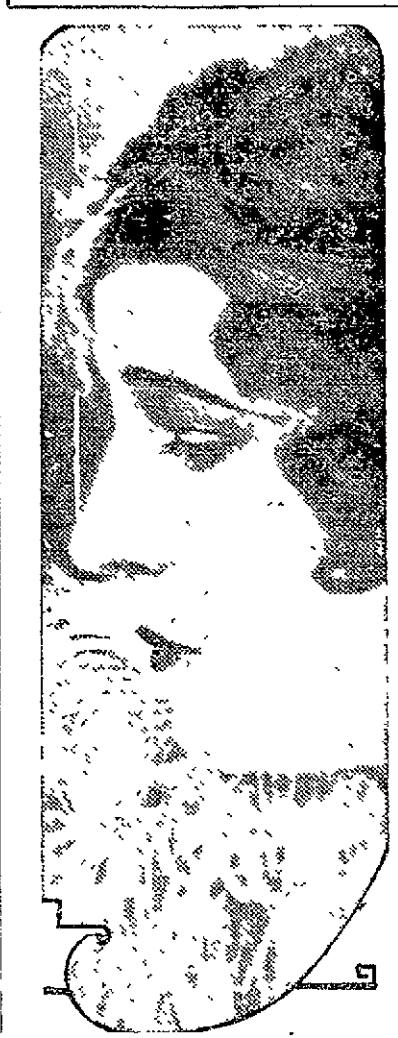

President Coolidge stands by Mr. Stone, however, and has not for a moment considered withdrawing the nomination. He takes full responsibility for Mr. Stone just as he does for all his federal appointments and it will be interesting to see how many votes of the majority in the senate are cast for Mr. Stone.

Blames Modern Parents  
For Children's Morals

Fond du Lac — Modern parents have not lost control of their children, they have given it up.

"Children today are hustled off to kindergarten almost as soon as they are able to walk and from that time on the modern parents turn the care and guidance of the child over to paid employees forgetting that it is their own duty, first and last."

These were some of the things Roy P. Wilcox of Eau Claire, former senator, told a large audience here Friday night when he addressed a public meeting arranged by the local council of the Knights of Columbus, the last of a series of addresses he had been giving in various cities this week.

Mr. Wilcox's address dealt with the drift of the day towards paternalism and centralization of government, developing more and more among the people a dependence on government and governmental agencies.

Los Angeles — Attorneys are negotiating a financial settlement between Charles Spencer Chaplin, motion picture comedian, and the 16-year-old bride he married in Mexico last November, says the Los Angeles Times Saturday.

The fact that Mrs. Chaplin formerly Lita Giev leading woman for the comedian, had joined members of her family in consulting attorneys became known according to the Times upon the arrival here a week ago of Edwin McMurray, San Francisco attorney and uncle of the bride.

McMurray Saturday is quoted by the Times as admitting that financial negotiations "are in progress" though declaring that "there is no connection between these negotiations and any contemplated action for separation or divorce."

Chaplin himself has avoided interviews ever since his return from Mexico with his bride and efforts to communicate with him relative to the reported financial negotiations have met with no success.

Requests for a personal interview with Mrs. Chaplin on the subject were met, according to the Times, with the statement from McMurray that she could only repeat what he had given out.

What part, if any the anticipated arrival of an heir to the Chaplin fortune has played or will play in the negotiations was not disclosed, nor was any hint divulged of the possible terms of the settlement.

RAISULI HELD CAPTIVE

# VALLEY VOCATIONAL SCHOOL DIRECTORS PRAISE WORK HERE

Find High Type of Cooperation Between Students and Faculty in Local School

The atmosphere of thrifty industry and the spirit of congeniality among the faculty and students of Appleton Vocational school mark the local institution among the other schools of the valley, according to directors of five vocational schools who met at Appleton Friday. Several of the directors stated that the department work of the local school was the best they had seen in Wisconsin. The teachers here take more interest in their work and their spirit is better than in most vocational schools, the report stated. The building also came in for praise.

The directors were entertained at a dinner at noon at which Mayor John Goddard, Ben J. Roby, superintendent of schools, and members of the vocational school board were present. At 3 o'clock a discussion on the work of the local school was held. The morning was spent in visiting the various classes. A list of textbooks of each school will be prepared and sent to the others for reference.

Each director expressed a desire to send several teachers from this school to study local classes. A survey showed that a higher class of students is entering Appleton Vocational school than most of the other valley schools. Directors agreed that it is unfair to tax parents and children of the city unless means are provided for short unit courses in specified work.

Directors attending the conference were S. E. Crockett, Menasha; Carl Christensen, Neenah; A. J. Dorr, Fond du Lac; A. M. Beyer, Oshkosh; H. G. Stewart, Green Bay; H. H. Heilig, Appleton; C. A. Allen of the University Extension Division, also attended the meetings. Telephoned studies that they were unable to come because of local conditions were received from directors at Racine, Two Rivers, Madison, and Manitowish.

# SUNDAY SCHOOL HEADS PLAN COOPERATION

Final plans are being made for the meeting of superintendents of cooperating Sunday schools, one assistant from each school and representatives of the Y. M. C. A. and religious day school at 6:30 Monday evening at the Y. M. C. A. to organize a Sunday school superintendents club for the purpose of mutual helpfulness and promotion of Sunday school and community enterprises. The meeting will be preceded by a supper.

J. L. Rogers of Oshkosh, general secretary of the Wisconsin Christian Education council, formerly known as the State Sunday school association, will be the principal speaker. Officers will be elected, a constitution adopted and the organization work started. The plan of organization which will be submitted to the club has been worked out during the past week by a committee consisting of George F. Werner, Lacey Horton, the Rev. E. P. Nuss and A. R. Eads.

# LUCKE PRESIDENT OF KAUKAUNA PIGEON CLUB

Eighteen members attended the annual meeting and banquet of the Kaukauna Pigeon club held in the Kaukauna Municipal hall Monday night. Plans were discussed for the coming year.

Officers elected are Al Lucke, president; Walter Specht, vice president; Thomas Reardon, secretary; Frank Vangtmael, race secretary; Otto Doering, treasurer.

The following committee on races was appointed: Frank Vangtmael, Ed Lucke and Leo Haasli. The next meeting will be held on Wednesday, Mar. 4.

# POSTPONE ARRAIGNMENT OF GIRL CHECK FORGER

Arraignment of Margaret Connery, 19-year-old Fond du Lac girl, who was arrested in Oshkosh for forging and who also is alleged to have forged several checks in Appleton, was expected to be postponed on account of her illness.

The girl has developed a bad case of mumps since her confinement in the Oshkosh jail this week which makes it necessary to adjourn her case. It also is possible that she may be committed to the industrial home for women at Taycheedah as a medical examination is said to have revealed sufficient cause for that procedure.

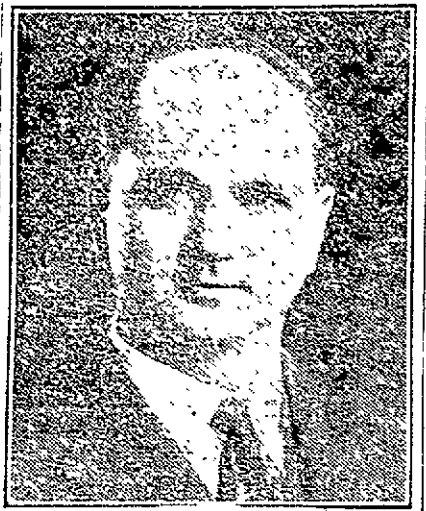

The Connery girl has a long list of illegal check transactions charged against her. Most of them took place in Oshkosh and Fond du Lac. She cashed three worthless checks in Appleton stores in exchange for some merchandise she purchased.

# SEEK INFORMATION ABOUT DEAD MAN'S RELATIVES

Neonah Red Cross received inquiries Saturday noon from Miss M. Mich. for information concerning relatives to Harry Kuhr, who died in this city Friday. Kuhr had been employed at the Pelton Stone quarries in this city up to last September and left at that time for parts unknown. He is known to have a sister at Glasgow, Wis., to whom the First branch of the Red Cross was referred.

# KEEP OUT OF STATE FIGHT, BROWNE TOLD

Governor Blaine Tells Congressmen to Quit Interfering in State

Madison — Representative E. E. Browne, eighth district congressman, was asked by Gov. Blaine to keep out of the fight over the administration plan to remove two university professors as ex-officio members of the state highway commission. Representative Browne had written to members of the legislature asking them to oppose repeal of the law providing for two ex-officio members of the commission.

"I protest your interference in selecting members of the legislature to violate their platform promise and to defeat our program of economy," the governor wired Browne.

"FALSIFYING THE FACTS"  
"Your long absence from the state has put you out of touch with the facts, and that can be your only excuse in falsifying the facts and the record as you do in your letter."

Under the skillful leadership of university professors the greatest political machine in the state ever built in Wisconsin got into the campaign last year through the highway department.

"PLEDGED IN PLATFORM"  
"The issue raised in your letter was one that was thoroughly debated and passed upon by the people of this state and written as a solemn promise in the Progressive Republican platform and I submit that a congressman has no moral right now to ask members of the legislature to violate that pledge."

"Why should the university dictate programs and policies?" Prof. W. O. Hotchkiss, state geologist, and F. E. Turaure, dean of the engineering school are the ex-officio members. In the last primary A. R. Hirst, former state highway engineer, was Gov. Blaine's leading opponent.

# SHOW "QUO VADIS" AT CHURCH MOVIE

"Quo Vadis," the motion picture which the First Congregational church has been trying to obtain for some time, will be shown at the service at 7:30 Sunday evening. It is a noted film picturing events in early Christian history. A duet, "Art Thou The Father," is to be a part of the musical program at the service.

The Rev. E. R. Ralph, formerly of Green Bay, will preach at the service at 11 o'clock Sunday morning in place of the pastor, Dr. H. E. Peabody who is attending a convention in Washington. The Rev. Mr. Ralph also will give the 10-minute sermon during the motion picture service.

Two hymns, "The Lord Is Exalted" (West), and "Art Thou Weary" (Spencer) will be sung at the morning worship by the chorus choir.

# FORMER SUPERIOR MAYOR DIES OF HEART DISEASE

Superior — Harvey W. Dietrich, prominent attorney and mayor of Superior for two terms in 1898 and 1899, died of heart disease early last night in the lobby of the Superior Hotel. Mr. Dietrich had given an address at the Kiwanis club banquet for a class of fifty aliens who were about to be naturalized in Circuit court.

Mr. Dietrich was a charter member of Superior lodge No. 403, B. P. O. E., and was a member of the Superior Oddfellows and Modern Woodmen of America lodges.

He is survived by his widow, three daughters, Mrs. Dora Chambers of Chicago, Miss Dorothea, teaching at Werner, N. D., and Dolores, a student at Downer college, Milwaukee.

# GREEN BAY GIRLS' TEAM HERE FOR GAME TONIGHT

Much interest is shown in the basketball game Saturday night in the high school gymnasium between the Appleton Women's club team and the Green Bay Y. W. C. A. team. The game is an annual event between the teams from the two cities. Appleton lost to Green Bay in Green Bay earlier in the season and since has been practicing diligently for Saturday's game.

A large number of rooters are expected to accompany the Green Bay delegation. Miss Mabel E. Logan will accompany the visitors.

Miss Doris Ewell, physical training instructor at Appleton Women's club, is coaching the local squad.

# LEGION POST WILL PRESENT PINS TO PAST COMMANDERS

Seven Former Leaders Will Be Honored for Service to the Post

The seven past commanders of the Oney Johnston post of the American Legion will be presented with past commanders' badges at a meeting of the post at 8 o'clock Monday night in Elk hall. Presentation will be made by P. Ryan Duffy of Fond du Lac, past department commander. Guests of the legion will be members of Company D, 127th Infantry.

There is to be entertainment, but it is to be kept secret.

The executive committee will entertain the past commanders and Mr. Duffy at a dinner at 6 o'clock Monday night, preceding the meeting.

The seven men who are to be honored by the post are Major Charles Green, Homer Benton, Charles C. Baker, Major Lothar Graef, H. J. Pettigrew, L. Hugo Keller, present state commander, and J. N. Fisher. The badges are to be given in recognition of faithful service and as a token of good will and appreciation from the post.

# LAUNDRYMEN ADOPT INSURANCE POLICY

A unanimous decision to adopt a 1 per cent bundle insurance was secured at a meeting of laundry owners of the Fox river valley Friday night in Hotel Retlaw, Fond du Lac, which was attended by I. G. Berg of the Oneida Damp Wash, Peersless and the Original Laundry companies and George Shivers of the Damp Wash. This insurance, which amounts to a few cents, is paid by the patron and insures his laundry while it is in the companies' care.

The meeting was attended by at least 50 men, Mr. Berg said. It is probable that the next meeting will be held in the spring in Beloit or Janesville.

The question of classifying family washes also was discussed. Some favored three or four classifications, while others felt that at least six or eight were necessary.

Several talks were given by laundry men from this district, including a talk on The Small Town Laundry by B. Flouwright of Menasha.

# VALLEY FORESTERS TO HAVE PIN MEET

Officers of the Fox River Valley Foresters bowling league met Friday night in the Catholic home to arrange for a valley bowling tournament which will take place at Oshkosh from March 15 to April 5. About 50 courts in the valley will send teams.

The meeting was presided over by the president of the Fox River Valley Foresters association, Joseph T. Kuska, of Green Bay. The secretary is Harold A. Kuypers of DePere.

### LAUNCH COMMUNITY FELLOWSHIP HERE NEXT FRIDAY NIGHT

Hundreds of Organizations Invited to Meeting to Start Movement

Invitations were being mailed on Saturday by Miss Lucy Helen Pearson, director of Appleton Womans club and founder of Community Fellowship, to a large number of civic, fraternal, commercial and economic associations to attend a meeting in the council chambers of the city hall on Friday evening, Feb. 6, to launch Community Fellowship in Appleton. Every person in the city interested in the movement is invited to attend and become affiliated with the system, according to Miss Pearson.

Appleton is one of the first cities in which Community Fellowship will be launched and it is believed by the promoters that a great deal of interest can be aroused in what it will attempt to accomplish.

As explained by Miss Pearson, Community Fellowship is more of a system than an organization. Every organization and the head of every group, whether it be family or something else, is eligible to take part. It is in a way a super-organization to give expression to community thought and desire. It is not to be legislative but can be advisory. Among its possible projects is a community chest in which all the organizations which now appeal to the public for funds will be united. It is believed that this will do away with the frequent money raising campaigns of which Appleton businessmen say they are tired.

Miss Pearson's plan contemplates the cooperation of every group and element in the city. Every person who is interested in civic development and progress is wanted in Community Fellowship, she explained.

### FISHERMEN APPEAL TO LAWMAKERS TO RESTORE SPRING FISHING IN FOX

Sixteen persons, four of the delegates of the Fox River Valley Fish and Game Protective association, appeared before the senate committee on state and local affairs at Madison Wednesday in behalf of all year round fishing in Lake Winnebago and related waters.

They appeared in support of the bill introduced by Senator Merritt F. White of Winnebago which calls for an all year open season for hook and line fishing in Lake Winnebago, the Fox and Wolf rivers and tributaries. An exception is made in the bill for large and small mouth black bass, trout and sturgeon.

Mrs. Brooks, assemblywoman from Green Lake, made her maiden speech before the committee recommending passage of the bill. Assemblyman Larsen of Neenah and Senator Titus of Fond du Lac also supported it. Representatives of the fish and game society who attended the hearing are very optimistic over the passage of the bill as a result of the hearing.

### RIPARIANS GIVEN PERMISSION TO SUE

#### War Department Ruling Is Victory for Owners of Flooded Lands

Fond du Lac—Riparian owners along the Fox and Wolf rivers and Lake Winnebago can sue the federal government for damages as the result of a report which Mayor R. D. Haentze has received from the war department through Congressman D. E. Browne.

The ruling of the federal government is a victory for Fond du Lac county residents whose land was damaged to the extent of thousands of dollars because of high water, in that it gives them the right to sue the government through the court of claims.

The opinion of the war department says:

"It is settled law that where the government, by construction of a dam or other public works in a navigable river, so raises the natural level of the water that private property along the river or its tributaries is destroyed, or the value and usefulness of such property is substantially impaired by overflow, it amounts to taking the property for public use to the extent of the injury."

"When private property is thus taken for public use, the government is under an implied contract to make just compensation to the owner for what has actually been taken. The land owner may bring action to recover the just compensation due him, and the suit may be brought and maintained in the court of claims or in the United States district court, provided the amount does not exceed \$10,000."

### SELFISH NATIONS DOOMED TO FALL

#### Ruegg Tells Church Audience of Factors Which Make World Succeed

The Rev. S. G. Ruegg, pastor of the Congregational church at Clintonville spoke to about 100 members of the First Congregational church at its church night supper Thursday evening. His subject was Times and Bounds of Nations.

Rise and fall of many nations was described by the Rev. Mr. Ruegg in his address. He told of the situations which caused Egypt, Palestine, Greece, Rome and other to gain their ascendancy and the factors which made them fall.

He then turned to a discussion of the countries of Europe, telling how Germany especially rose to power and the factors which were involved in her defeat. The danger she faced from France and England were described.

No nation that lives entirely unto itself can succeed, said the Rev. Mr. Ruegg. Unless it tries to do for others it is sure to go down to defeat. The only way it can live is to be useful. United States will share the same fate as others if it strives merely to be the most powerful or the most rich.

### LOAD OF WOOD TIPPED INTO SNOW-FILLED DITCH

Crowded off the concrete north of Appleton by an automobile, a wagon loaded with three cords of wood tipped over into a ditch filled with about three feet of snow Thursday afternoon.

The tongue of the wagon was broken, but the teamster, Leonard Griesbach, was unhurt. He was hauling the wood to his father's home in Appleton. He completed the trip by borrowing a wagon from another farmer.

### WOULD FORCE CAR OWNERS TO CARRY INSURANCE

Madison — Compulsory insurance for automobile owners and drivers, on which personal injury and damage claims would be regarded as a lien, is proposed in a bill introduced in the state senate by Senator William A. Titus of Fond du Lac.

Under the bill policies would be written by insurance companies, but the rates would be so supervised as to permit of no raises as might possibly be otherwise encouraged by reason of the compulsory nature of the proposed bill.

Orange and Black Boys in Poor Physical Shape for Grueling Battle

**KAUKAUNA**—New London basketballers made it an even break for the season by defeating the local high school 20 to 11, Friday evening on the New London floor. The Orange and Black boys in the lead continuously and ended the first half with a score of 15 to 6. The game was delayed about two hours when at the last moment it was discovered that Referee Roach of Clintonville, had not yet started for the game.

The Orange and Black boys in bad shape as a result of injuries. The boys were unable to hit their usual stride and teamwork was almost impossible because of the slippery floor. A total of 15 personal fouls were called on both teams.

The second half opened with the lineup for Kaukauna. Later in the first quarter Miller replaced Kilgus. At the beginning of the last period the score stood 20 to 3. The locals added three more tallies during that period but tightened up as well and prevented New London from gaining an "other point."

Gonyou played the game with a bandaged nose. Infection started as a result of a scratch received in a game and the player's eye sight was somewhat impaired. The infection has been checked, however. Beier had spent the entire day in bed because of grip, but played a good game. It is expected the boys will be back into shape for next Friday evening when they travel to secure a victory over West De Pere. The game will be the third home exhibition.

**KAUKAUNA KEGLERS WIN FIRST BLOCK OF MATCH**

**KAUKAUNA**—H. O. Haessly and Lester Smith won the first lap of a 15 game bowling match with Harvey and Arthur Harties of Little Chute Thursday evening on Little Chute alleys. The local keglers copped every game by a good margin. The second lap of the contest will be played on Hilkenberg alleys next Tuesday evening.

Haessly hit the map for scores of 213, 181, 171, 235 and 179 for a total of 979. Smith rolled 160, 225, 212, 197, and 188 for a total of 982 pins. Their total score for the match was 1962 pins.

Harvey Harties garnered a total of 810 pins with games as follows: 144, 151, 143, 186 and 178. His brother rolled 135, 160, 182, 214 and 157 for a total of 845 pins. Together they made 1,655 pins.

**Social Items**

**KAUKAUNA**—Mrs. Elsworth Roberts and William Hoolihan were prize winners at schafkopf at a card party given in Elk hall Friday evening by the Women of Moosehead legion. Twenty-five tables were in play. Consolation honors went to Mrs. J. Bentz and Frank Kroll. Clarence Vandenberg captured the prize at five hundred and the prize at hearts was won by Mrs. Charles Buerch.

Officers of the Methodist Social union were hostesses at a surprise party Thursday afternoon at the home of Mrs. H. S. Cooke, 312 Catherine-st. in honor of Mrs. G. A. Yale who is leaving this city to live in Peshtigo. Mrs. Yale is retiring president of the Social union. About 30 ladies were present.

The private dancing party given in K. C. club rooms Friday evening by the Knights of Columbus for their wives and friends was attended by 62 couples. Cards and dancing furnished diversion. The party was the second given by the Knights of Columbus.

**A COUGH REMEDY WITHOUT OPIATES**

Many cough preparations contain some one or more harmful drugs which are added to take the place of opiates. None of these narcotic substitutes have ever been used in FOLEY'S HONEY AND TAR COMPOUND. The name of every ingredient is plainly printed on every carton. You know what you are taking when you take Foley's. It clings to the throat. Good for old and young. You have a cough, why not try it. Refuse substitutes. Sold everywhere.

**MUSIC, READINGS WILL BE GIVEN AT SUNDAY MEETING**

Local Talent Will Be on Program of Weekly Community Church Service

Special to Post-Crescent  
New London—Some splendid home talent will furnish the program for Sunday evening's community services in the Congregational church. The program arranged for the occasion is:

Vocal trio—Miss Swift, Miss Irma Reuter, and the Rev. H. P. Freeling. Reading—H. VanDyke's "Last Word."

Cornet duet—A. Schuman and D. Blisset.

Duet—The Rev. V. W. Bell and the Rev. H. P. Freeling.

Organ solo—E. Louis Reuter.

Piano solo—Mrs. M. A. Ullrich.

Vocal solo—The Rev. H. P. Freeling.

Last Sunday evening's community service was a noted success, as have been all the rest this season. The meetings have been attended by large audiences, who speak in praise of the entertainment.

At the last meeting, Miss Sophie Sherman Holt spoke on the Near East relief work, especially in connection with the orphanage at Ismid, Turkey. The three reels of motion pictures, entitled "Seeing is Believing," which accompanied the talk, were very convincing. The pictures of the 17,000 children at their work, play and meals, presented an impression never to be forgotten. The day after the Near East relief, given by New London people, were proved to be given toward a good cause.

The community meeting last Sunday evening unanimously voted in favor of the world court.

Over 100 people had supper at the Congregational church last Wednesday evening, and enjoyed the splendid entertainment provided for the fellowship meeting on that evening. Large crowds are also attending these meetings, and pronounce them an excellent way to promote fellowship.

**CITY CLERK HONORED FOR LONG ODD FELLOW SERVICE**

The body was conveyed to this village Wednesday evening and was taken to his home at Symco. The funeral took place Friday afternoon from the residence and Symco Lutheran church, with burial in the local cemetery.

The decedent was born in Posen, Germany, and came to America when a lad of 15, locating in the town of Union, where he worked in a sawmill and on the railroad for several years. In the spring of 1882 he was married to Miss Anna Peters, and eight children were born to them of whom five survive. They are: Mrs. George Rock, Clintonville; Mrs. H. Colwell, Symco; Mrs. Charles Colwell, Kenosha; Mrs. Gene Garry, Milwaukee; Celia, at home. He is also survived by his aged mother 85 years old; two daughters, a sister, two half-sisters, two grandchildren and his aged mother-in-law, Julius Peters, Symco.

Mr. Krause engaged in the hotel business soon after his marriage and continued until a few months ago when failing health compelled him to give up part of the work.

**PUCK CHASERS WILL BATTLE APPLETON**

New London Team Will Stage Its Initial Game Sunday at City Rink

Special to Post-Crescent  
New London—The New London city hockey team will clash with the Appleton city team at 2 o'clock Sunday afternoon at New London municipal rink. This is a big event for local sport fans as the New London team newly organized, is playing its initial game on Sunday and it is expected that an enormous crowd will flock to the rink to see the puck battle.

The game was secured by the local manager, Percy Halvorson on Thursday night, through R. J. Jarvis, coach of the Appleton team. Each team will use six men, and the game will be made up of three 20-minute periods, lasting an hour. The Appleton team will furnish the referee. Mr. Halvorson is also attempting to secure a fancy skater to furnish entertainment between periods. Admission will be free to all.

The New London lineup will be: Vaughn, R. W., Ross, L. W., Nelson, G. Manske, Cover point; Wiedenbeck, Point, and Halvorson, center.

# AUTO STRIKES BOY RUNNING ON ROAD

Robert Kuehne, Jr., Seymour, Is  
Bruised by Algoma Man's  
Automobile

Seymour—Robert Kuehne, Jr., 7  
year old son of Mr and Mrs Robert  
Kuehne was cut and bruised when  
struck by an automobile Friday after-  
noon on highway 54 in front of Idle  
wood school, which is a mile east of  
the city. The car was driven by Wil-  
liam Wochek of Algoma, an employe  
of Pauly & Pauly cheese wholesalers.  
He was on his way to Alcom, at the  
time, and was driving a Star car.  
School has just been dismissed at  
4 o'clock and the boy and his com-  
panions were chasing one another  
across the highway. Teams were  
passing at this point as Mr Wochek  
approached and the child darted out  
suddenly from behind a wagon. The  
automobile hit him but did not run  
over him as the driver swung his  
car into the ditch in trying to avoid  
an accident.  
The boy was picked up by Mr. Wo-  
chek and carried to his home which  
is across from the schoolhouse. He  
suffered a gash in the head which re-  
quired two stitches, his lip was cut  
and his leg bruised. He will recover  
soon.  
None of the customary warning  
signs placed on highways where there  
are school houses were in use at this  
school.

## 50 CENT SERVICE CHARGE ON SMALL CHECKING ACCOUNTS

Banks Agree to Make Small Charge to Pay Cost of Handling Money

Free checking accounts on small accounts will soon be a thing of the past in Appleton banks. After Feb. 1 a small service fee will be required of all bank patrons whose accounts are too small to pay for the cost of the service the banks render.

The service charge will be 50 cents a month in all cases where the average balance for any month falls below \$50. The first charges will be made between Mar. 1 and 10 on February accounts. This action was taken by agreement of the First National, Citizens National, Appleton State and Outagamie County banks. A special concession is made to religious, educational, fraternal and welfare organizations who will be exempt.

It was decided to make this service charge on account of the burdensome cost of keeping accounts for depositors. In large cities banks make a practice of refusing checking accounts having a balance of less than \$200. It was pointed out. The cost of furnishing check books, pass books, statements and clerical help is said to be larger than any profit the banks may derive from the deposits.

Banks in some cities make a service charge of \$1.50 a month on accounts with balances averaging less than \$100. Banks in Manitowoc recently agreed to charge \$1 a month on accounts averaging less than \$100. The service charge in Appleton will be only 50 cents on accounts with an average balance of less than \$50.

It has been suggested that patrons whose average balance is less than \$50 transfer their funds to savings accounts, on which no charge is made. It is impossible, however, to issue checks against savings accounts, but money can be drawn out on presentation of the pass book.

## FRANK TOONEN IN HUGE BUSINESS PROPERTY DEAL

One of the largest realty transfers in Duluth, Minn., for some time was completed last week by Frank Toonen, Duluth druggist, son of Mr. and Mrs. Martin Toonen, 584 Lincoln street, and Dr. E. W. Weber of Proctor, Minn. Mr. Toonen and Mr. Weber purchased the west half of the Masaba block from the heirs of the late D. A. Duncan for \$150,000.

Mr. Toonen was born and reared in Appleton, leaving here ten years ago to enter the drug business in Duluth. His brother, Leo Toonen, income tax assessor for Outagamie and Waupaca cos., lives in Appleton.

## Truancy No Longer Is Big Problem In Schools

The question as to whether present day high school students are less developed than in the past is answered easily by J. G. Pfeil, city trustee of Appleton. It is a hard task at times to locate grade school students because of the diminutive statures of those attending the high school Mr. Pfeil said. With the irregular hours of the high school the trouble is increased greatly. Upon approaching what is apparently a child, on the street and questioning the latter as to why he or she is not doing problems or parsing verbs at such an hour of the day he received the answer, "I have no class at this hour and of the day and I am excused."

The season of the year makes little difference in the number of truants, Mr. Pfeil said. In fact there has been a great decrease in truancy and he has very few calls. School records have been reduced to a system and schools check up their truants. The high school calls the homes of those absent and checks for itself in this way. It has proved very efficient.

Fishing, baseball and football are the attractions which induce boys to "skip school." Once in a while a girl will skip and she usually can be found at a movie. The age of the wanderers range from 10 to 14, about the same age when children are known to cause the neighborhood to go wild by suddenly leaving their homes for a stroll and losing themselves in wilds of park or open fields. School is hard for a little chap at times and his marks slump, he didn't like it anyway, and away he goes to drown his sorrows at play or in wandering. Sometimes a bright boy takes a day off in a spirit of mischief but this does not occur often, Mr. Pfeil said.

Few amusing or exciting incidents occur in the life of the truant officer of today, Mr. Pfeil said. Everything is systematized so that it does not require hours of "chasing" the absent student and running into exciting adventures as must have happened in the "good old days." Now when a student is reported absent the truant officer immediately goes to the home and has a long talk with the parents. In many cases it is entirely by the fault of the parents. Sometimes when there is a suspicion of the truant's whereabouts the officer finds him and takes him to school or if it is too late, which is often the case, to his home and takes the matter up with the parents. He gets the best results in this manner. The sore arm caused by vaccination is the biggest excuse he has to deal with at the present time, Mr. Pfeil declared. "Truancy is often the result of care-less homes. If one boy says he has a

headache and is permitted to remain at home it becomes a habit to get "headaches," and an epidemic of minor ailments breaks out. Truants play hooky in the spring because of the fine weather, fishing and games.

## INGLER IS SPEAKER AT SUNDAY FORUM

Prof. F. M. Ingler of Lawrence college will be the speaker at the meeting of the World Outlook Forum at 3 o'clock Sunday afternoon at the Y. M. C. A. He will talk on "What Share should the United States have in the Reparations of Europe?" Prof. Ingler opened the Forum series a few weeks ago with an instructive talk on a relative subject, "Will the Dawes Plan Solve the Problem of Reparations?"

The subject for Sunday is particularly timely, forum leaders say. People of Appleton and vicinity are invited to hear an impartial presentation of this present day national problem and take part in the informal discussion after the talk, it was announced.

## CORBETT AND ROGERS TALK TO OCONTO BUSINESSMEN

Captain Fred Rogers and Secretary Hugh L. Corbett of the Appleton Chamber of Commerce were among the speakers at the Oconto Chamber of Commerce Tuesday evening. Captain Rogers who inspected the Oconto company of the Wisconsin National guard commended the progress made by that company and the cooperation shown by Oconto citizens.

Mr. Corbett spoke on Oconto's advantages and opportunities. He said, "A city cannot grow much from within. It must grow from without," meaning that a city cannot be dependent upon itself for growth, and that help must come from without and from cooperation. He mentioned five forces from within, however, that could be adopted to make for a better city: Retailing, wholesaling, manufacturing, agriculture and recreation.

## BROTHER, SISTER DIE WITHIN WEEK

Two funerals at Shiocton this week are of an aged brother and a sister who died within a few days of each other. Mrs. William Lehnardt, 77, was buried Wednesday and William Lehnardt, 81, was interred Saturday.

Mr. Lehnardt died Wednesday at the home of his nephew, Frank Lehnardt, Shiocton, of heart disease. He was born in Germany May 19, 1844 and was married at Oshkosh May 12, 1853 to Laura Dunot, who died several years ago. The family made its home at Oshkosh, Clintonville and Sheboygan and for the last year Mr. Lehnardt resided with his nephew. One son, William, Sheboygan, survives him.

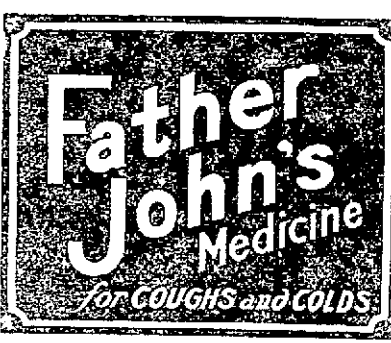

The funeral will be held at 1:30 Saturday from the Lehnardt home with the Rev. Ewald Sterz in charge. Burial will take place at Shiocton cemetery.

Mrs. Lehnardt died Sunday, Jan. 25, at the home of her daughter, Mrs. J. P. Christensen, Racine. Her maiden name was Pauline Lehnardt and she was born in Germany Feb. 12, 1848. Her marriage took place in Germany and the family moved to Oshkosh in 1882, living there 15 years. They then moved to Shiocton, where they lived for 24 years and on returning to Oshkosh spent seven years there. They spent the last three years with their daughter at Racine.

Mrs. Lehnardt is survived by her widow; four children, Frank, Shiocton; William, Chicago; Mrs. J. P. Christensen, Racine; Mrs. Hans Christensen, Racine; eight grandchildren also survive.

The body was conveyed to Shiocton where services were held Wednesday at the home of Frank Lehnardt. The Rev. Ewald Sterz was in charge and interment took place at Shiocton cemetery.

Over Sixty-Nine Years of Success

# Notice To Appleton Bank Patrons---

An analysis of the cost of doing business has revealed to the banks of Appleton that the cost to a bank in taking care of small checking accounts has become burdensome.

We find there are today a very large number of small checking accounts in Appleton. The expense of taking care of these accounts between banks and within banks, furnishing pass-books, check books, statements, and clerical help, far exceeds any profit that can be made from such accounts.

In many cities, banks do not accept checking accounts having an average balance of less than \$200.00 on account of the large burden of expense caused by carrying them. In other cities, a service charge of \$1.00 per month is made on accounts averaging less than \$100.00.

After careful consideration of the matter, the Banks named below have decided to make the following Service Charge:

*When average balance for any month falls below \$50. - - - - - 50c*

The first charge will be made between the 1st and 10 of March, 1925, for February accounts

Exceptions will be made for religious, educational, fraternal and welfare organizations.

Where depositors cannot build up their balances to the required amounts, it is suggested that the accounts be transferred to the Savings Department. **NO SERVICE CHARGE** will be made on SAVINGS accounts and no minimum balance will be required in the savings department.

No checks can be issued against savings accounts, nor money drawn except on presentation of pass books.

It is the earnest desire of all Appleton banks to have the small depositor feel that he or she is thoroughly well-come to the use of every form of banking service available, but they are confident he or she will feel the justice of paying for this one form of service a part only of its actual cost.

In the event that this matter is not entirely clear to any present or prospective bank patrons, we would be pleased to have them call at their bank, where the officers will be glad to explain further and in more detail.

# DRY OFFICER DEFEATS WOMAN IN RACE TO SINK

## CHARGE WOMAN MADE EFFORT TO DESTROY RAIDERS' EVIDENCE

Fifth Ward Couple Arrested for Violating Prohibition Laws

In a prohibition raid conducted in the soft drink parlor of Ed. Hoffkens, 675 Richmond-st., Friday afternoon by Chief George T. Prim, Officer Albert Delton and Thomas Martin, federal prohibition officer, a race was staged between Mrs. Hoffkens and the federal officer.

The race course was only a matter of a few feet, but it was a grand rush surpassed only by that after the 5 o'clock whistle on Saturday night. The goal was the kitchen sink which contained the prize that the prohibition officer was anxious to preserve and the woman seemed bent on destroying it.

At any rate, the dry officer won, and as a consequence, the owner of the establishment is under arrest for violating several kinds of prohibition laws.

**DOORS LOCKED**  
The raiding party attempted to make a grand entrance at all doors, but for some reason or other they found all doors but the front one locked. As soon as the officers entered, Mrs. Hoffkens made a dash for the kitchen. Officer Martin anticipated her intentions and joined the race to the kitchen sink.

There in the sink was exposed to view a brewing pan containing about five quarts of moonshine whisky, according to the officers, placed in a position it could easily be dumped and drained through the sink. Hidden back of the kitchen stove also were four cases of home brew, the officers reported.

While Martin was collecting the evidence, Chief Prim read the warrant to Mrs. Hoffkens who was being held at the door to prevent her from destroying the evidence.

It was understood that in the event Hoffkens declined to plead guilty to charges of violating the dry laws, he will be turned over to the United States district court at Milwaukee, where justice is a little slower but surer, it is said. It has been somewhat difficult in the past to secure a conviction from juries in local courts in liquor cases.

The raiding party Friday also visited a private residence, but no liquor was found.

## "SAFETY" SMOKER FOR SHOP FOREMEN

Foremen of industrial plants in Appleton and vicinity and others interested in safety have been invited to attend a foremen's safety smoker in the Conway hotel Tuesday evening to hear a discussion of The Foreman's Part in Shop Safety. The meeting is sponsored by the safety engineering department of the Employers Mutual Liability Insurance Co. of Wausau.

Among the speakers will be Al Kroes, well known as safety speaker, and A. L. Martin of Oshkosh, safety engineer for the insurance company. The meeting is to begin at 7:45.

## EDUCATORS WILL DEBATE TEACHER QUALIFICATIONS

Merrill C. W. Bruce, president of the Merrill board of education, will be in a (fraternal) discussion of the North Central Association of Colleges and Secondary Schools at the fifth annual meeting of the Wisconsin Association of School Boards at Madison, Feb. 5.

Mr. Bruce is second vice president and director of the Wisconsin Association of School Boards, and a year ago attracted much attention by his headline at the Eau Claire convention in which he pointed out that the North Central association is increasing the cost per pupil of education by requiring that teachers of accredited schools must have college training.

E. H. Miles, mayor of Fort Atkinson, will represent the normal schools in the discussion. Mr. Bruce is the high school and Prof. Thomas Lloyd Jones of the University of Wisconsin and inspector of high schools, will speak in defense of the North Central association.

## MISTER ORIOLE HAD BETTER FIND A WARM PLACE FOR TONIGHT

Robert Sievert of the town of Freedom received a hard scare Saturday morning. He saw another one of those harbingers of spring, but this wasn't a robin—it was a genuine oriole. It visited the Sievert apple orchard and perched upon the highest branches of one of the trees as if expecting the buds would begin to shoot tomorrow. Either the bird's education has been neglected or the weather man is bound to make another mistake, for a "cold wave" is predicted for tonight, and where will our friend the oriole be? Mr. Sievert says this is the earliest that he has ever seen an oriole in this locality. He doesn't know how it came, but mentions the fact that there was a south wind Saturday morning and it might have "just blown in."

## GOCHNAUER TELLS CONCRETE MAKERS TO USE NEWSPAPERS

Appleton Cement Block Manufacturers Stress Value of Newspaper Advertising

The value of newspaper advertising for acquainting people with the merits of concrete was stressed repeatedly at the convention of the National Concrete association which was held this week at the Wisconsin hotel in Milwaukee.

C. O. Gochnauer, manager of Gochnauer's Cement Block works, Appleton, was one of the speakers to extol the value of newspapers in impressing the buying public with the need of concrete products. Among the others were Leslie E. Allen, Chicago, and Walter E. Dunlop, a Milwaukee advertising man. Mr. Dunlop pointed out that if an industry must grow, there must be concrete effort to make it grow, and the public must be told of the merits of the products. "There is no stronger force in the molding of public opinion than the newspaper," he said.

"Concrete products made by members of this association," said Mr. Gochnauer in his address, "should hold a foremost place in the construction field. This place can be obtained by state regulation and by education of the public to recognize and demand reliable products. This education can be obtained through newspaper advertising."

**USES PAPER HERE**  
The Appleton man told of the results obtained from a running advertising campaign conducted in the Appleton Post-Crescent in which the Gochnauer firm emphasized especially the great strength of their concrete blocks and other concrete products.

Since one impression does not make memory, the firm keeps the idea of great strength fresh in the mind by bringing out each week some interlocking idea of reliability, wide range of use, warmth, low absorption, fire resistance and economy in first cost and upkeep, each linked with the idea that its blocks are tested and approved by the state.

Last year was commenced an advertising drive for the erection of homes built of concrete blocks. In a town like ours where most of the plans for homes are drawn either by carpenter contractors or by millwork and building supply dealers, it is only natural that most of the homes should be of frame construction. We firmly believe that we are going to overcome this."

Last year in Appleton 18 buildings were erected of concrete blocks. Mr. Gochnauer pointed out. These included residences, stores, public garages, warehouses and factories.

At the Milwaukee convention W. H. Carey of Wisconsin Rapids was elected president of the National Concrete Products association.

## TAXPAYERS RUSH TO ESCAPE TAX PENALTY

The city hall was a much crowded building on Saturday morning. There were two reasons for this. Saturday was the last day before the official change in the house numbering system, which brought many strangers in quest of their new house numbers. Saturday also was the last day of grace for tardy tax payers. After Saturday the city will begin assessing a penalty of 2 per cent of the tax bill against all delinquent taxpayers. The city treasurer's office was a bedlam of swarming persons anxious to escape penalty. The office closed at noon in accordance with the all year Saturday closing rule of the city hall.

## NOTRE DAME CLUB SINGS AT NEENAH

The big musical event of the year in Neenah and Menasha will be the concert by the Notre Dame university glee club in Neenah theatre on Thursday evening, Feb. 5. The reserved seat sale started with a rush and it is believed every seat in the theatre will be sold.

The concert will be under the auspices of Nicolet council of Knights of Columbus of the Twin Cities. Only three cities in Wisconsin will be privileged to hear the singers this year when they make their annual tour. Notre Dame is as famous for its musical organizations as for its athletic teams and in Indiana and Ohio there is a constant demand for its concerts.

## STAGE And SCREEN BEN LYON PLAYS OPPOSITE POLA

Ben Lyon, who plays the lead opposite Pola Negri in her latest starring picture, "Lily of the Dust," which Dimitri Buchowetzki produced for Paramount, is one of the youngest and most attractive leading men on the silver screen.

He was born in Atlanta, Georgia, and educated at Park School and Baltimore City College in Baltimore. He mapped out his career while still attending college. His decision was the result of seeing the old Paramount studio in New York City.

After leaving college, he obtained some good pictures and called upon the casting director. As he entered the building a man looked at him and remarked, "You'll do." The man was Joe Kauffman, husband of Ethel Clayton. By the merest chance, Kauffman was looking for just such a type as Lyon when he entered the studio. He was given a part in "The Traveling Salesman."

Believing that was the wrong way to make a success of motion picture work, Lyon devoted his energies to stage work for the next five years. During this time he played in a number of important stage productions, including "Seventeen," "The Wonderful Thing," "Romance," "Marry the Third" and "Three Live Ghosts."

With this training to help, he once more returned to the silver screen and was an instantaneous success. He played in "Potash and Perlmutter," "Flaming Youth," "Painted People" and "The White Moth."

"Lily of the Dust," which comes to the Appleton Theatre Monday, is Lyon's first screen work for Paramount. Others in the strong supporting cast of the production include Noah Beery, Raymond Griffith, William Kelly and Jeanette Goddard.

## "THE RED LILY" ONE OF SEASON'S FINEST

An exceedingly dramatic situation occurs in Fred Nibbel's "The Red Lily," the Metro-Goldwyn production at the Elite Theatre today and Sunday. A young man of wealth has been disinherited by his father for failing in love with a girl of poor parents and has fled with her to Paris.

## BORROWED HUSBANDS

"Borrowed Husbands" which will be shown at The New Bijou theatre next Monday-Tuesday-Wednesday is adapted from Mildred K. Barbour's popular series of stories dealing with the adventures of a young wife who borrowed the husbands of her friends as escorts.

It is a delightful photoplay of what might be expected if the custom of borrowing and loaning husbands should become general practice. In this story the husbands are treated as any household goods which might be loaned to a neighbor; but prove to be untidy and unmanageable at times, providing humorous situations, dramatic efforts and occasional thrills through their actions. In the cast will be seen Florence Vidor, Claire DuRoi, Buckle Fellows, Earle Willams and Robert Gordon.

Dancing Sun. nite. Skating Sunday P. M., Brighton.

## SPECIAL SESSION OF WAUPACA COURT WILL OPEN MONDAY

Cases Held Over for November Term Will Be Tried—Hill Booked for Match

Special to Post-Crescent  
Waupaca—Circuit court for Waupaca will convene in an extra session on Monday, Feb. 2, with Judge Byron B. Park presiding. This session will likely last but a few days and cases that were held over from the November term will be disposed of at that time. The November jury will again be impaneled for service.

George Hill will wrestle again in Waupaca on Thursday night, Feb. 5. Local fans were pleased at the showing made by Hill against C. Lapham here recently. His opponent for his next match here is to be the winner of the Romanoff and Zangalwitsch match in Chicago on Saturday night. Both these men are heavy, weighing more than 200 pounds and should prove capable of giving Hill lots of trouble.

High school seniors are making final preparations for their play, "Stop Thief," which will be presented at the high school auditorium, Tuesday afternoon and evening, Feb. 3. The play was given Friday at Wisconsin Veterans Home.

The proceeds will be used in paying for the Crystal, the school annual, the board limiting the cost to \$500. Last year it reached a total of over \$600. The deficit is made up by the students usually by the presentation of a play or two. This year only one appeal is to be made to the public. All are urged to secure seats in advance as the performance in the evening is to start at 8 o'clock sharp and after play has begun no one will be shown seats.

Announcement has been made of the firm of Krueger and Skinner. Mr. Skinner retires from the business to devote his time as traveling salesman for another out-of-town concern.

Mrs. Archibald Gmeliner will entertain the Ace of Spades club at her home Saturday afternoon, Feb. 3. Wednesday evening, Feb. 4, the Pythian Sisters will give a dancing party for their friends and members of the Knights of Pythias, directly after the regular meeting and again on Saturday, Feb. 13 the sisters will hold a thimble bee at Castle hall.

Mrs. E. W. Nelson, 304 Badger-st., will entertain the members of St. Agnes guild Wednesday, Feb. 4. Dr. A. M. Christofferson, local health officer, now holds a captain's commission in the Officers' Reserve corps of the United States army.

The Baptist Ladies union will meet with Mrs. Frank Ballard Tuesday afternoon, Feb. 3. R. N. Fletcher, of Milwaukee, was in the city on Friday looking after his interests here. Will Thomas minstrels put on a show at Palace theatre previous to an Appleton engagement Friday night.

Dancing Sun. nite. Skating Sunday P. M., Brighton.

## OLD BAPTIST CHURCH AT DALE IS SOLD

Dale—Birdell Nelson has purchased the old Baptist church. The church has been closed for several years. Miss Emma Hoffe of Appleton, residing at the Sift home for several days.

Carliss Leacy of Red Granite, spent the first of the week here. Mrs. Otto Meyer returned Tuesday from St. Elizabeth hospital. Last week the local potato buyers, B. Nelson, shipped four cars of potatoes.

David Zehner was at Appleton on business Tuesday. Oscar Kuchel is again seriously ill and a nurse from Appleton is here caring for him.

C. A. Brock has returned from Ripon where he attended the funeral of a relative. Mrs. Kate Gradi and son Arnold of Hortonville visited friends in town on Thursday. A student from Northwestern college at Waterville had charge of the services at the Lutheran church last Sunday.

Miss Edmy Briet spent the first of the week at Waupaca. Mrs. F. Krueger spent the week at Oshkosh with her daughter.

The game was fast in spite of the one-sided score and was featured with thrills. Klutz of Appleton was referee. The lineup was Klutz, center; Smith and Mottl forwards; Ryan and Pierce, guards.

## FEAR LIGHT COVERING OF SNOW WILL INJURE GRAIN

Menasha.—Farmers of Winnebago are commencing to speculate as to the condition of winter grain. Rye, wheat and clover have had very little protection from snow this winter and what effect this will have on the crop remains to be seen. The most trying season of the year comes during the freezing and thawing period of early spring when the roots are separated from the plants by the frost. If the grain survives this crucial test the chances are favorable for an average yield.

## FINISHES TWO HOUSES, STARTS ON THREE MORE

Menasha.—E. P. Dornbrook, who is building several residences near the new Soo line roundhouse at Neenah has completed two, and has built the foundations for three others upon which construction work will commence at once. The foundations were finished late last fall.

## ELECT TWIN CITY MEN TO EPISCOPAL CONFERENCE

Menasha.—At the Episcopal conference at Fond du Lac this week, the Rev. R. A. Heron and Harry Price were selected as delegates to represent the Fond du Lac diocese at the general Episcopal conference at New Orleans in October. The conference decided to raise the \$50,000 for a new residence for Bishop Weller.

## TWIN CITY ELKS TO HAVE STAG PARTY NEXT WEEK

Menasha.—The next social to be given by the Elks will be a stag party Wednesday evening, Feb. 4. Officers of the lodge with C. J. Oberwieser will constitute the committee in charge. The following Wednesday evening a card party will be given for members and their ladies and friends. The committee will be composed of Mrs. C. E. Flerce, Mrs. C. Waker and Mrs. V. M. Landgraf.

## BANTA COMPANY WILL BUILD BIG ADDITION

Menasha.—George Banta Publishing company has commenced work on an addition 57 by 60 feet in dimensions. It will be located on the corner of Adams and Mill-sts. and will be constructed of brick. It will temporarily be used as a warehouse. The contract was awarded to C. R. Meyer and Sons Construction company.

## MENASHA ROUNDHOUSE WILL BE ABANDONED SOON

Menasha.—The new Soo line roundhouse at Neenah which is to be made a terminal, will be used for the first time Monday, Feb. 2, orders to this effect having been issued by the company to its employees. This means that the present roundhouse in Menasha which has been in use half a century, will be practically abandoned.

## RESCH FUNERAL

Menasha.—The funeral of George Resch, who died at Appleton Tuesday morning at 9 o'clock Saturday morning at St. Mary church. The services were conducted by the Rev. J. Hummel and burial was in St. Mary cemetery.

## NEENAH'S WINTER CARNIVAL TO BE SHOWN IN MOVIES

### Huge Crowd Expected to Witness Novel Sports Program on Lake

Neenah.—Neenah will be the center of attraction in the Fox river valley Sunday when a Pacho news reel photographer will spend the day here taking several thousand feet of film of the residential and business districts and an interesting program of sports.

The finished picture is designed to be a civic film. It will contain scenes along this city's most attractive residence streets, will show its retail district, public buildings, schools, churches and principal industrial plants.

Sunday afternoon an actual hockey game between Keweenaw and Neenah teams will be filmed after which the scene of activities will be shifted to Lake Winnebago, off Lake Shore drive, where an immense pond of ice, scraped clear of snow, will enable an interesting program of ice sports to be carried out for the benefit of the movie man.

This will include sports to Dr. T. D. Smith's 200 horsepower motor driven ice boat which in trial spins this week attained a speed estimated at better than 80 miles per hour, stunts on skills by John Pinkerton and John Williamson, two local boys, and impromptu iceboat races in which John Duckstaff's huge craft of Oshkosh will participate.

"Old King Cole," skippered by Jimmy Schreffer, and flagship of the junior icecraft fleet at Oshkosh, will be here to get in on the picture. This little craft is reputed to be one of the smallest iceboats in the world.

Local merchants have donated valuable prizes for the winners of the ice skating races which will form another interesting part of the scenery. These races are open to boys and girls. The boys' race will be over a course one mile in length while the girls' will race over a half mile circle. Several Appleton skaters have already entered for the boys' race.

Another unique feature on the derelict program is a contest in which prizes are offered the girls appearing on the lake in the most attractive winter sports costumes. Mrs. William Gilbert and Mrs. Raymond Kelly, prominent society women here, will act as judges.

News of a high-powered automobile plunging into the lake and into the open water will be filmed at Menasha, a girl having donated a car for this purpose. Realism will be imparted by posing dummy figures in the seats before the machine is started on its submarine trip.

Between four and five thousand people are expected to view the program and enjoy the novelty of seeing a movie in the process of making.

## ALLENVILLE RESIDENT DIES IN DAUGHTER'S HOME

Neenah.—Mrs. Rebecca Tippler of Alleenville, died Friday at the home of her daughter, Mrs. Elmer Thompson where she has made her home for the last two years. ## WOMAN STARTS SUIT TO FORCE NEENAH BANK TO PAY \$800

### Charges Bank Owes Her That Sum—Bank Says Money Was Paid to Husband

Neenah.—The suit of Mrs. Anna Gurch of Milwaukee against Neenah State bank opened in circuit court, Oshkosh, Friday. Mrs. Gurch is trying to recover \$800 which she alleges she deposited in the defendant's bank and which the bank has refused to pay her. The plaintiff is represented by J. E. Lehr and E. R. Elchborn and the defendant by G. H. Kelly, Neenah and E. Allen.

In the complaint the plaintiff alleges that she deposited the sum of \$1,000 in the Neenah State bank which was not subject to withdrawal by any other person or persons and that later she deposited other sums bringing the total to \$1,101. She alleges that when she desired to withdraw her money she attempted to do so but was refused to pay her more than \$801 and she is seeking a judgment for the other \$300, interest and costs and disbursements.

The defense in the answer filed alleges that Mark Gurch deposited \$1,000 of his own money. He did not wish others to know it was his money and asked to have it deposited in his wife's name. It is alleged she agreed and also agreed that it was subject to withdrawal by her husband. It is also alleged she signed an agreement to that effect. Other deposits were made, bringing the total to \$1,101. It is alleged, and that later the husband withdrew \$300, leaving a balance of \$801, which was paid to the plaintiff upon demand.

The case was expected to go to the jury on Saturday.

Your Linen Chest Needs Refilling

This is the time of the year when housewives have recovered from the rush of holiday shopping. With the recovery comes the realization that the linen closet needs replenishing. The sheets especially are looking thin and some are ragged. In shopping for new ones the housewife, if she is thrifty, must consider many things.

Sheets not only must be gleaming white, and feel soft and luxurious when new, but they must be able to stand up under washing and ironing, year after year. They must retain their firm, substantial weight and remain snow-white and beautiful through repeated launderings.

Soap and water will bring back the whiteness of a really good sheet or pillow case. A fabric that is too tightly woven however, will not regain this original clean, crisp freshness. We make a great deal of the point that a fabric should be so closely woven as to give the utmost strength, but it is very necessary in selecting beddings, where cleansing quality is such a prime consideration that the material also be porous enough to allow water to pass through readily, thus insuring ease and completeness in laundering. The most satisfactory grade of sheeting is that which is closely woven to the point where there are as many threads as possible to the square inch, but still allowing the soapy water to pass freely through the threads in washing.

**NOTE FINISH, TOO**

On the other hand, a fabric that is too loosely woven will not only look rough and cheap, but it will neither wear well nor feel comfortable.

Note the finish of the sheets and pillow cases that you are buying. Take up a corner of a cotton sheet on the counter and rub it between your hands. In many instances you will see a white powder—"filling"—drop out. This is because cheap sheeting is "false filled" or treated with a substance that fills the spaces between the threads and makes the material seem a heavier weight and better quality than it really is. It must be expected that this fictitious body soon washes away in the laundering, leaving a thin, lousy sheet that is very disappointing to the purchaser.

**ONLY BEST COTTON**

It is not necessary that sheets be made of linen to give good satisfaction. But when they are made of cotton, only the best staple cotton, with long fibers, should be used. The strength of the sheet—depends upon the grade of cotton, the strength of the threads, and the closeness with which these threads are woven. The best sheets are those that are woven from the best cotton, rather than cotton. These, when ironed, will remain straight and even at the edges, and are not so likely to "whip out of shape," on the line or pull crooked in laundering.

FASHION HINTS

**SMART OUTFITS**

Velvet in pastel shades, some made into severely plain frocks, others embellished with ostrich fringe, are featured at every smart function.

**PRINTED VELVET**

Printed velvet is used effectively for day dresses and for short and long coats as well as for negligees and evening costumes.

**NILE GREEN POPULAR**

Nile green is second after white as the popular color for evening. Shades of orchid and blue too are very much liked.

**OPERA PUMPS**

Opera pumps in delicate colored satin outlined about the upper edge with a row of closely set brilliants are very smart.

**SPRING COATS**

New coats for spring frequently have a perfectly plain back but a circular flounce across the front.

**BROCADED ROSES**

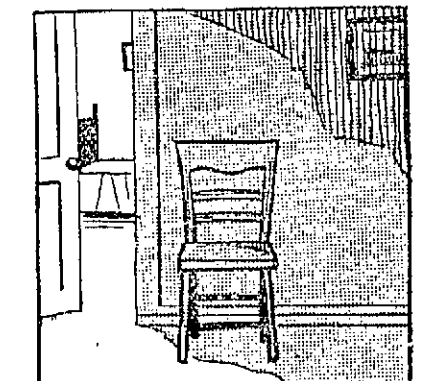

Brocaded roses in shades of blue and purple are applied to a bouffant frock of pink taffeta.

**NEW SCARFS**

Some of the newest scarfs for Palm Beach wear are no very wide they are almost capes, and are worn in place of a wrap.

Safety Hints

CHAIRS OFTEN CAUSE INJURY

A chair left standing in a narrow or dark hall may be the cause of serious injury if a person was to fall over it. Keep narrow or dark halls free from furniture, boxes, trunks, etc.

Pure Mental Types Poor Life Partners

BY EDNA PURDY WALSH

The mental temperament should properly be called the "nervous temperament" because the nervous system is more prominent in proportion than bones, fat, ligaments or muscle. The body is small and lean, the skin grayish white, the forehead very high and the face pear shaped, while the neck is small and thin. The fingers are flexible, and all the motions are quick and animated.

The pure "mental temperament" lacks physical vitality and force. Its love ideas are exquisite and wonderful, with rare dreams woven in them. Its literature and inventions are great, and stimulating, but a sad lack of vitality and physical strength makes them unable to utilize these ideas which grow so rapidly in their quick brains.

Their love affairs, full of idealism, because they are too particular, because they are too particular, critical and sensitive. Their large, expressive eyes, with small face and chin tell us more of excitement than deep happiness in their love affairs.

Such a girl needs the strength and health of a body of muscular temperament in marriage.

Very few men are of the pure mental type. Many women are un-mixed mental, however. Unless such women strive intensely for sincerity and intimate human touch they may degenerate into shallow posers—all animation while on exhibition, but spiritless and limp in the everyday routine.

In most cases the pure mental types are poor investments as matrimonial partners.

LETTER FROM LESLIE PRESTON TO RUTH BURKE, CONTINUED

Sarah told me last night when we were putting that blessed boy to bed, and he insisted that I should address him, that if John had not decided to come down and bring the baby, she would have asked him to let her bring little Jack to me. She told me he used to grieve for me daily, and she never came into the room that his little face did not light up, and fall again when he saw it was not I. The last words he said at night were spoken with a little trembling lip: "I want my pretty mother."

It doesn't seem possible, Ruth, that I can seem a deeper and more astounding love for my own child when it comes than I have for this boy; but if I do, in spite of all I may try to conceal. I know I can't keep it from little Jack. He seems to have an uncanny intuition where I am concerned.

I would not tell all this to John, dear Ruth, even if we were friends with each other, speaking of friends—I have ever been friends. We are the most impetuous of lovers, but I don't believe we are real friends.

If I should tell my doubts and fears about little Jack to John he would say: "Well, you know you have adopted the baby; it's up to you."

You know, Ruth, his mother is all the time bringing up "What are you going to do when you have children of your own?" It is her almost daily inquiry whenever she sees me with my son.

He is my son, Ruth. I chose him. I did not need to help him. I did not need to take him and care for him, because in my ecstatic love for his father I had brought him into the world and so felt a moral and physical responsibility. No, I voluntarily took him in my heart. I voluntarily took upon myself the responsibility of his life, and I shall never forget it under any circumstances.

Surely the good God will not make me unhappy in this loving duty.

Then, Ruth, there is another and perhaps more greater question that has come into my mind. I have been thinking very much lately about it, and I have been asking myself the question over and over again. Is it best for John and me to continue to live together as husband and wife?

It seems to me we are never in each other's society for an hour without finding something about which to disagree. Although it may be because of my sensitiveness, at times it has seemed to me that I have surprised upon his face a look, when he was talking of Paula Perrier or Sally Atherton or other young

women, which might be there because he is wondering if these women were not better suited to him than I.

You see I'm rather a serious type. Life means much more to me than just having a good time. To tell you the truth, Ruth, I have dimly suspected there comes a time in every married woman's life when she asks herself the same question I am asking myself.

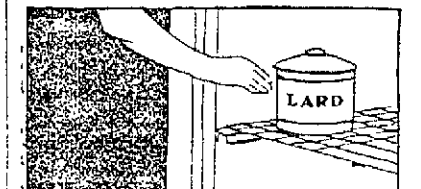

Men do not take matrimony so seriously; at least they do not seem to do so. When they grow tired and bored and doubtful and unhappy, they get away from it all in some way. Either they take up business more seriously, they go more and more into the company of men, they spend evenings at the club—or, yes, flirt with another woman.

Ruth, I can't do any of these. (Copyright, 1925, NEA Service, Inc.)

Household Hints

KEEP IN COOL PLACE

Lard or lard compounds should always be kept covered in a cool place.

**CLEAN OLD BRASS**

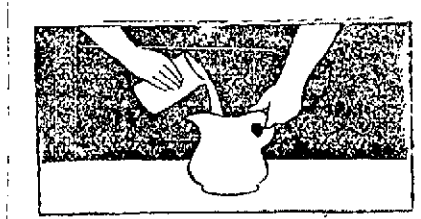

Antique brasses may be cleaned with rotten stone and paraffin oil.

**TO CLEAN SOUP**

To clear soup use white of egg, slightly beaten, or lean beef, finely chopped.

**CONDENSED MILK**

Evaporated or unsweetened condensed milk should be removed from the can on opening and kept on the ice.

**FLAVORING FOR SOUP**

Spread the tops of celery on a baking sheet and place in a warm

SISTER Mary's KITCHEN

**Breakfast**—Stewed figs with lemon juice, whole wheat cereal, thin cream, poached eggs on toast, cornmeal griddle cakes, sirup, milk, coffee.

**Luncheon**—Creamed asparagus on toast, winter salad, whole wheat bread sandwiches, apple dumplings, milk, tea.

**Dinner**—Boiled mutton, steamed rice, creamed turnips, left-over fruit salad, Bismarck cheese, toasted water crackers, rice pudding, currant jelly, milk, coffee.

The apple without the enfolded dough should be served to juniors under school age. While the father will undoubtedly insist on giving the "baby" the entire dumpling, the wise mother will be calm but firm in her decision. The dumpling is rather difficult for four-year-old tummies to digest but the apple, either baked or steamed, is perfect for them.

**CREAMED ASPARAGUS ON TOAST**

One medium sized can of asparagus, 3 tablespoons butter, 2 tablespoons flour, 1/2 cup milk, salt, 1 egg, 6 triangles of toast, salt and pepper.

Turn contents of can into a colander and dip into a large pan of cold water. Drain gently to prevent breaking heads of asparagus. Melt butter, stir in flour and slowly add milk, stirring constantly. Season with salt and pepper and cook until thick and smooth. Heat asparagus over hot fire and arrange on hot buttered toast. Add egg yolk to cream sauce, remove from the fire and beat well. Pour over asparagus and serve at once.

If this dish is not planned especially for children, strips of canned tomatoes are quite an improvement.

**WINTER SALAD**

Two cups shredded cabbage, 1 cup diced celery, 1/2 cup minced cooked beets, 1/4 cup grated raw carrots, 2 teaspoons sugar, 1/4 teaspoon salt, 3 tablespoons lemon juice, 4 tablespoons oil, paprika.

Let shredded cabbage stand in cold salted water for 1 hour. Drain and rinse in clear cold water. Drain for five or ten minutes before mixing. Combine cabbage, celery, beets and carrots. Add sugar and crush slightly with a wooden potato masher. Add salt and lemon juice and stir well with a silver or wooden fork. Add oil and beat with fork. Arrange on salad plates and sprinkle with paprika.

**APPLE DUMPLINGS**

Six apples, 1 cup sugar, 2 tablespoons butter, 1/2 teaspoon cinnamon, 2 cups flour, 2 tablespoons butter, 4 teaspoons baking powder, 1/4 teaspoon salt, about 1 cup milk.

Pare and core apples, being careful not to break them. Put sugar and 1 cup boiling water into a sauce pan, add apples and simmer until apples are tender but perfectly whole. Mix and stir flour, salt and baking powder. Work in 2 tablespoons butter with tips of fingers and cut in milk to make a soft dough. Roll out a floured molding board to 1/4 inch thickness and cut into squares large enough to cover the apples. Put an apple in the center of each square of dough. Fill core cavity with butter, 1 teaspoonful for each apple, and the with cinnamon, thick Sprinkle sirup boiled down, thick. Sprinkle with cinnamon and pull the dough over the tops of the apples. Press the edges tightly together. Bake twenty minutes in a hot oven. Serve warm with cream.

These dumplings can be steamed instead of baked. If steamed, serve as soon as taken from the steamer. (Copyright, 1925, NEA Service, Inc.)

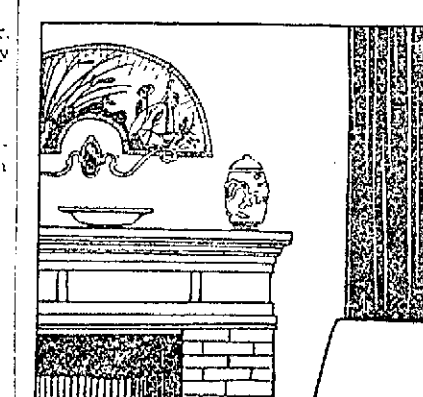

even with the door open until they are dry enough to rub to a powder. Then store in a glass jar and use as flavoring for soups and gravies.

**CLOTH COLLARS**

Cloth collars that look dirty and greasy may be sponged with common salt moistened with ammonia. Follow this with a sponging with clear water and press under a cheese cloth.

Adventures Of The Twins

MISCHIEF IN THE KITCHEN

"Oh, dear," said Nancy. "I don't suppose we will ever catch Snitcher Snatch now. And what will the Fairy Queen think of us?"

She picked up the white shawl where the goblin had thrown it when he dashed up the chimney, and Nick picked up the wig and spectacles he had dropped.

"I kind of thought that was a queer old lady," he laughed. "I didn't think anyone else could have such a long nose."

"That long nose of his gets into enough mischief to keep a whole police force busy," said Johnny Sweep merrily. "But don't worry, we'll catch him all right. Come on. We'll go up the chimney after him, and as it's been snowing, it

That is What Lydia E. Pinkham's Vegetable Compound Did for Mrs. Jenkins

Middleport, Ohio. — "I am going through the Change of Life and I am

telling Lydia E. Pinkham's Vegetable Compound for the troubles that came at that time. I got so run-down I could scarcely do my work and I kept a rooming-house and have a family of eight to take care of. A friend told me about the Vegetable Compound and it has made a new woman of me. I keep it in the house all the time now and won't be without it. My weight got down to 90 pounds and now it is 132 1/2 pounds. I give the Vegetable Compound the praise and hope that women will realize the good in it." — Mrs. MYRA JENKINS, 593 North Front Street, Middleport, Ohio.

Over 200,000 women have so far replied to this question. "Have you received benefit from taking Lydia E. Pinkham's Vegetable Compound?"

98 out of every 100 of the replies say "Yes," and because the Vegetable Compound has been helping other women it should help you. For sale by druggists everywhere.

won't be hard to follow his tracks to the next place.

Sure enough, when they got to the roof there were Snitcher Snatch's tiny footprints in the snow. They went to the edge of the roof and then along the ground to a wall, and over the wall and along the ground again to a fence, and over the fence till they came to the house where the Morris' lived.

There was a big thick vine that went clear up to the roof so the Twins and Johnny Sweep climbed up like monkeys. And just as they expected there were footprints leading across the roof to the chimney.

"Oh, ho!" said Johnny Sweep as he peered down. "I'll bet you anything he's up to some of his tricks down there, Snitcher Snatch is. It never takes more than about three seconds for him to get into trouble."

So he called down. "Did a bad little goblin go down here just now?" A little black Scodie stuck out his head. "Yes, he did," he said, "and he nearly took me with him. 'I'm still shaking'."

"Come on, Twins," said Johnny. "He's here. We'll go down and get him."

So down they all went. But when they got as far as the playroom fireplace and peeped in there was no sign of Snitcher Snatch anywhere. Only Billy and Bobby

Morris playing train, as nice as pie.

"He can't be here!" whispered Nick.

"No, he doesn't stay around where people can see him," said Johnny. "We'll go on down to the kitchen."

So they crept down the big dark chimney to the kitchen, and looked carefully around.

Cook had gone out and left everything in fine shape.

At first the adventurers thought nobody was there. And then they heard a lid drop.

Suddenly they spied the little goblin on the shelf where the cans were kept.

And he was as busy as a bee in a buckwheat field.

Into the can marked sugar, he

was pouring salt, and putting the

sugar into the salt can. He was mixing the tea and coffee and shaking mustard into all the spices.

But the worst thing of all was the flour bin. The goblin dumped a whole pound can of baking powder into it before anyone could stop him.

"Oh, catch him! Catch him!" cried Nancy. "He's ruining everything!"

Of course Snitcher Snatch heard her. And the next thing they knew, the kitchen door slammed and he was gone!

"Dear, dear!" said Johnny Sweep. "We'll never get him at this rate." (To Be Continued.)

## Crossword Puzzle

Instead of cross words—cross numbers! Here is something new in the field that has grouped the nation. Numbers that add to a definite sum, read another way. You need no dictionaries to look up tricklers, not even an arithmetic. For these numbers are just the first nine digits and each group totals 15. The puzzle form and numbering of the squares are similar to crossword puzzles. But instead of definitions you get a group of numbers which are to be rearranged in the squares designated so that they will add up 15 either horizontally or vertically, when the other groups are properly arranged. Try it, and see how you like it.

APPLETON BOWS TO WEST GREEN BAY, 15 TO 13

Fond du Lac Jumps To Tie With Sheboygan For Conference Lead

Orange Quintet, Crippled by Loss of Two Regulars, Puts Up Plucky Fight in Close Game

HOW THEY STAND

	W	L	Pct.
Sheboygan	3	1	.750
Fond du Lac	3	1	.750
APPLETON	3	2	.600
East Green Bay	3	2	.600
West Green Bay	2	2	.500

FRIDAY'S RESULTS  
WEST GREEN BAY 15, APPLETON 13  
Fond du Lac 15, Marinette 7  
Manitowish 15, East Green Bay 14

Appleton Friday night was shunted out of the triple tie for first place in the Fox River valley high school basketball race when West Green Bay, capped a 15 to 13 victory at Green Bay. By virtue of this upset and its own 13 to 7 defeat of Marinette at Marinette Fond du Lac jumped into a tie with Sheboygan for first place, Sheboygan being tied because of the cancellation of its scheduled game with Oshkosh.

The Appleton-West Green Bay contest was close from start to finish, being tied, 6 to 6, at half time. The score cascaded from the first basket and both teams displayed a strong defense. All the baskets were made from the middle of the floor. Foster and Bowby each made two for Appleton, while Ketchum, West Green Bay guard, starred for the Purple.

The Orange quintet was badly crippled by the suspension of two regulars, Ashman and Courtney (courtney is the star of the Appleton team, having been chosen for the state team last year).

In the opener, the West Green Bay seconds won, 9 to 3, from Guy Ertola's Appleton subs. To Appleton schoolers were trailing, 9 to 2, at the end of the half, but staged a late rally which threatened to give them a victory.

In the other Green Bay game Manrovec turned defeat into victory over the strong East Green Bay quintet in the final period, taking the game, 15 to 14.

The lineups in the game at West Green Bay follow:  
Appleton: West Green Bay: R. F. F. Fieble, H. Hansen, R. F. F. Knapp, Herbert L. F. C. Fraser, Rondon C. R. G. Soll, Ketchum R. G. L. G. Bowby, Boucher L. G.

VOCATIONAL FIVE BEATS KIMBERLY

Appleton Schoolers Stage Winning Rally in Final Period

Appleton Vocational school cage five Friday evening defeated Kimberly high school to a 10 to 8 clearing on the V. M. C. A. court here when Reetz caged the winning basket during the last minute of play. Kimberly took a 4 to 0 lead in the first quarter and kept ahead up to the final period. At the intermission between halves the visitors were leading, 6 to 2. During the next period they halved the visitors were leading, 6 to 2. During the next period they halved the visitors were leading, 6 to 2.

The final quarter was disastrous for Kimberly. The Appleton quint tightened its defense and staged a scoring rally which tied the count, 8 to 8, with but three minutes to go. Just before the final whistle blew, Reetz caged a pretty basket which gave the Vocational five the game. Reetz starred for his team through out the game, making most of the baskets and playing a good defense. While Poon, Kimberly center, starred for his quintet.

NEW LONDON BEATS KAUKAUNA, 20 TO 10

New London — New London high school Friday night swamped Kaukauna, 20 to 10, in one of the fastest basket ball games played here this season. Kaukauna was leading, 3 to 2 in the first quarter but from then on the Red and White staged a rally which gave them the victory by a wide margin. At the end of the second quarter New London had forged ahead, 15 to 5, and the third period found the Reds on top, 20 to 8. Julian starred for New London making a basket during the first two minutes of play and scoring 9 of New London's 20 points.

STILL PICK ECKERSALL — While many critics have been shouting the praises of Harry Stahlheber, Notre Dame quarry back, most of them still lean toward Walter Eckersall, of Chicago, as the greatest signal center the gridiron game has yet produced.

Rickey's Choice

Only Sunday Manager in Major Leagues

BERT SHOTTON

Here is Bert Shotton, the only Sunday manager in the major leagues. Branch Rickey, because of religious scruples, stays away from the ball park on that day and Shotton fills in as director of the St. Louis Cardinals.

It is understood that Rickey intends to retire shortly and that Shotton is certain to succeed him as the every-day-in-the-week leader of the Cards.

SPORT VIEWS AND NEWS

Sunday afternoon magnates of the Wisconsin State Baseball league will meet at Oshkosh to decide the fate of their organization, which barely managed to hang on through the dull 1924 season. T. McGullan who recently resigned as president of the circuit, has consented to preside at Sunday's convocation in an effort to save the league, but prospects are quite doubtful.

David Smith will be the only Appleton man at the convocation. He took over the management of the Paper makers last year, devoting much of his time and efforts to the welfare of the team and the league, but lacked support and was forced to chalk up a very considerable loss at the end of the season. In consequence Smith plans to quit the game and Appleton most probably will not be represented in the league this year.

Several of the clubs have been clamoring for every-day baseball. Others wish to play three times a week while a few are in favor of playing Sunday and holiday ball as they did last season. Which of the three plans will be adopted is an important question. The managers and directors nearly split over it last year but the majority favored Sunday and holiday ball and that plan was adopted.

Elmer Johnston announced after the Kano Azumeda fight here on Jan. 1 that he planned to quit the fight game for good because of lack of interest and support on the part of fans. Now it appears he has changed his mind and will hang on for a while longer. His next venture will be a wrestling match in Germany. Q. in which George Hille and Hassan-Valkei, Bulgarian clump, will grapple, with a number of Lawrence twisters in the preliminaries.

Kimberly Athletics are the champions of the Kimberly-Clark mills in basketball as a result of winning from Niagara Falls, N. Y. in the final game of the second annual mill tournament. The Kimberly team used the five man defense while the easterners were accustomed to the man for man system. The five man defense proved its superiority when the Athletics won, 40 to 8.

APPLETON KEGLERS FAIL TO PLACE IN STATE TOURNAMENT

F. Johnson Leads Mates in Singles but Is Nowhere Near Top

Fond du Lac — F. Johnson rolled the highest game in the singles event among the Appleton bowlers on Friday. Johnson's score, 589, was not high enough to land him anywhere near the tournament leaders, however. His games were 190, 211 and 188.

J. Dawson and G. Ward moved up to about fifteenth place in the doubles with a score of 1,124. Dawson's score, 628, was the highest registered by any of the visiting keglers during the day. His partner rolled 496. Dawson's games in the doubles were 234, 201 and 192.

C. Currie was second to Johnson in the singles with 582. R. Currie was third with 564.

PLYMOUTH DEFEATS KIMBERLY, 37 TO 29

Athletics Taste Defeat After Taking Lead of 17 to 13 at Half Time

Kimberly — Kimberly Athletics Friday night tasted defeat on their invasion of Plymouth, 37 to 29 but considered themselves lucky to have held the strong Plymouth five to such a narrow margin. The Athletics were leading, 17 to 13, at half time, but were unable to keep up the fast pace.

The Plymouth team makes several all players of state wide repute among the Steffen and Seebel who played with the New London Edison's a few years ago. These two stars made four baskets and a foul throw and five baskets respectively, while R. Elliot caged four and one. Boettcher was the individual scoring star of the Athletics with 5 baskets to his credit. Cooke, center and former Lawrence star, made four baskets and a free throw. Loose made three fieldgoals and Koll and Scheurle each made one basket.

The Plymouth team will play the Athletics in the Kimberly club house on Feb. 11.

The lineup:  
Plymouth: R. F. Loose, H. Scheib, R. F. L. F. Koll, B. Elliot, L. F. C. Cooke, Steffen C. R. G. Boettcher, E. Scheib, R. G. L. G. Scheurle, Peebles L. G.

WILL CLASH AGAIN  
Jimmy Blouin, Chicago, present bowling champion, is down to meet Jimmy Smith, Milwaukee, former titleholder, in a series of 120 games next month for premier honors.

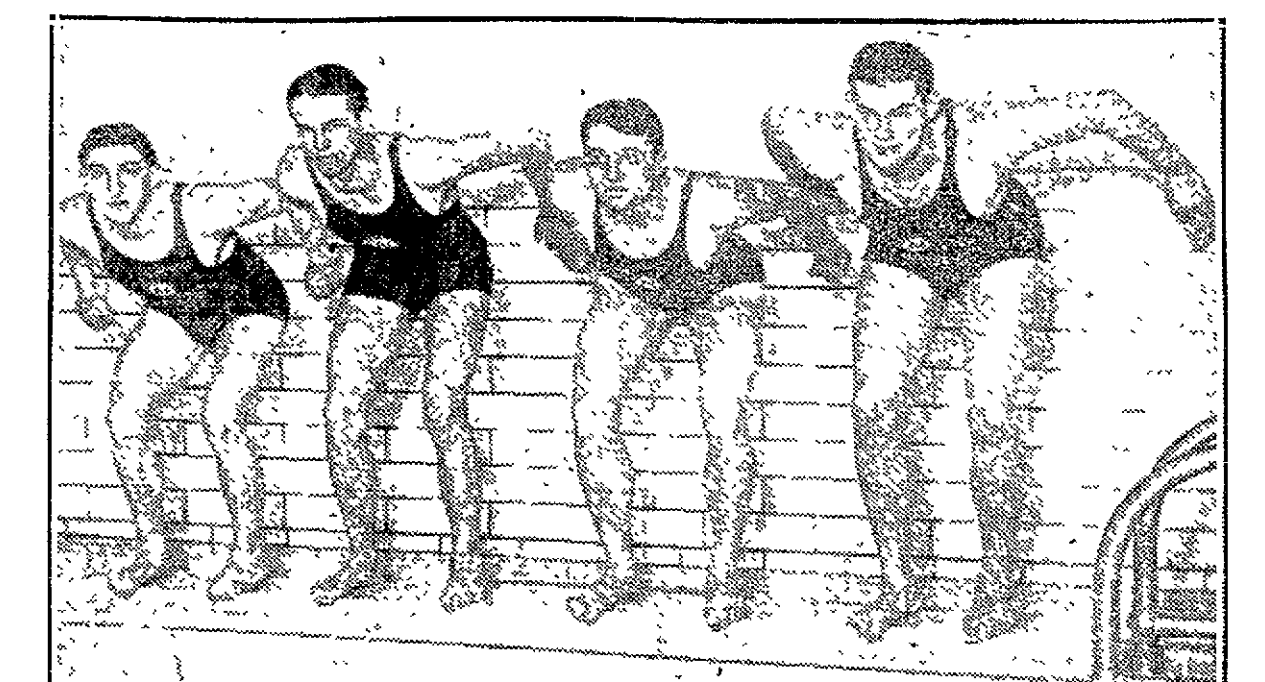

TOPPED BY ALL  
Bill Kelley, Buffalo, was the Babe Ruth of the International League last season. He crashed out 28 home runs and led in total bases with 346.

CANDY FOR BEAUTY  
Hull, England — Candy for beauty! Arthur Mince's confectionery kitchen in Jones street is being swamped with women who are eager to buy his "beauty buns," a sort of chocolate candy that is advertised as having mysterious qualities of beautification.

Break Trio Of Aquatic Records

Northwestern Swimmers Set Three New Intercollegiate Marks in 600-yard Race, One World's Record Going by the Boards.

MANOVITZ, CORBETT, BREYER AND HOWELL

Three national intercollegiate records were recently smashed by the Northwestern University relay swimming team. One world record was also broken. In a special 600 yard race at Evanston, Ill., the team broke its own record of 3:45.15 for 400 yards, negotiating the distance in 3:44.35. It also broke its own record for 500 yards, making the distance in 4:39.25 against the former mark of 4:45.35.

For the full distance of 600 yards the Northwestern swimmers, by making the time of 5:39, smashed the former intercollegiate record of 5:45.35, held by Yale. The mark also bettered the world record of 5:40.35, held by the Illinois Athletic Club of Chicago.

CHICAGO HOPES TO DEFEAT OHIO STATE

Most of Western Conference Teams Idle Because of Examinations

Chicago — Most Western conference basketball squads were idle this week end, partly because of mid-year scholastic examinations. Four teams were matched for engagements Saturday night, but there was only slight chance that the outcome would affect the title campaign.

Chicago hoped to make Ohio State its victim for its first conference victory, while Indiana mangled with Iowa at Iowa City. The Chicago Maroons were strengthened by the return of Babe Alven, out most of the season by scholastic ineligibility, but the veteran Ohio State squad had the benefit of a better record.

The Indiana Iowa clash brought to zether teams about evenly matched.

COLLINS NEVER WON SWAT CHAMPIONSHIP

Eddie Collins, veteran second baseman and recently appointed manager of the White Sox for 1925, has yet to top the pack in the batting columns. Eddie has been right up near the first rung several times but thus far has failed to make the grade. Collins has been in the big show since 1906.

LED IN ASSISTS  
Hank Severel of the Browns showed the way to the rest of the catches in both major leagues when it came to making assists. The Sinner receiver had 134, better than any one in the game.

Bantam Title Most Elusive In Fight Game

New York — The bantamweight championship has changed more often than any other fight title.

When "Cannonball" Eddie Martin defeated Abe Goldstein, it made the fourteenth time the bantam honors had changed hands.

The welter title is next with an even dozen shifts, the middleweight, eleven; the lightweight, nine, and the heavyweight, eight.

Strangely enough, two featherweight champions have the record for holding the title the longest and shortest period.

Johnny Kilbane won the championship from Abe Attell in 1911 and held it until 1921, nearly 12 years.

Eugene Cigris knocked out Kilbane and was champion less than two months, being defeated by Johnny Dundee.

GREG'S UPPERCUT WINS FROM DELANEY

St. Paul, Minn. — A slashing right uppercut wielded by Harry Greb, world's middleweight champion, over won him a victory over Jimmy Delaney, St. Paul, lightweight, in a ten-round bout here Friday night.

Greb was awarded the newspaper decision over the local man after a six-round Delaney showed well in early rounds, especially the third and fourth but he soon weakened under the champion's relentless attack. Delaney's face was badly cut at the end of the fight. Greb was unharmed. Greb weighed 167½ and Delaney 171.

OSHKOSH HOCKEY TEAM HERE SUNDAY

Maroons Play at Home While Locals Invade New London

Oshkosh puckchangers will invade Appleton Sunday afternoon for a game with the Galpin-Schulter Maroons at Jones Park, while the Appleton Locals journey to New London for their first outside game. The Maroons changed the hour of their game to 1:15 P. M. for the greater convenience of Oshkosh players. The Locals start their game at New London at 2 o'clock.

Both Appleton teams have played previous seasons, and are going strong. Last week the Maroons defeated the Locals in the morning and the Neenah Thistles on the afternoon of the same day.

The starting lineup of the Maroons will be as follows: Schultz, center; Percy and Joe Sharp, wings; Al Goslin, co-captain; Alfred Foxall, point; and Carl Fischer, goaltender.

A Puss will play center for the Locals with J. McHugh and F. Buss at forwards, Ira Daldheim and Lee Counts at guards and Leo Weiss as goaltender. Howard Crabbe will act as substitute.

STRANGLER TRAINS FOR MEETING WITH JOE MONDT

Chicago — Ed "Strangler" Lewis who still claims the world's heavyweight wrestling title, despite his defeat by Wayne "Big" Munn is training here for his meeting Tuesday with Joe Mondt, his first appearance since he was discharged from a Kansas City hospital after the match with Munn.

NURMI FAILS TO SET NEW RECORD

Plant and Ritola Win Events in Morningside A. C. Games Friday

New York — Paavo Nurmi of Finland established a record of different hue when he failed to break any existing marks in a one and one eighth mile race at the Morningside Athletic club games Friday night, his performance being no more than mediocre.

Paavo started slowly and made no haste, evidently being content with having appeared at the games and finished the race in front.

Reports during the meet declared that Nurmi was suffering from an injured leg sustained while swimming in a pool and that he also was nursing a cold, both of which difficulties would keep him out of the competition.

Willie Plant and Willie Ritola, however, were in exceptional form, the welter who defeated Ugo Frigoletti of Italy beating his own record for 1½ miles made in 1920, by two seconds, and Ritola, running a remarkable two mile race in which he caught the hancourmen and lapped the field at the finish line. He missed the record by a couple of seconds.

Nurmi and other stars will run in the Boston Athletic Association games Saturday night.

The Nut Cracker

WALTER JOHNSON has turned actor American League batters wish him a long and successful career on the stage.

Nick Altrock has been ruled off the diamond as a regular player. Nick insists that roles him of the funniest part of his act.

Ty Cobb says that one star player in the big leagues is worth two in the bush.

BASEBALL IS PERHAPS THE ONLY BUSINESS WHERE IT IS NO CREDIT FOR A MAN TO STRIKE OUT FOR HIMSELF.

Fred Merkle will instruct the Yankee rookies in everything except base running. He once forgot to touch second.

Clarke Griffith is having trouble staying his world champs. He says he only wants an even break. American League umpires disagree on that point.

Knute Rockne says there are too many "cake eaters" and too few athletes. Teams that played Notre Dame last season insist there were none on his eleven.

Johnny Dundee has reclaimed the featherweight title advancing the argument that championships can only be won and lost in the ring. Rumor has it that a lot of them are rehearsed in the dressing room.

NURMI SAYS TOO MANY AUTOS ARE SPOILING OUR DISTANCE RUNNERS. IT IS OUR OPINION THAT THE FINN COULD SPOT MOST OF THEM A "FLIVVER" AND NOT BE TAKING ANY CHANCES.

Experiments have proved that the lighter golf ball will cut drives about 10 yards. That's going to be tough on a lot of players who just about average that distance.

BRIEF SKETCHES OF BIG STARS

ZACH D. WHEAT  
Brooklyn Dodgers  
Born — Hamilton, Mo., May 23, 1888  
Major League Career — Joined Brooklyn in 1909, coming from the Mobile club of the Southern League. Has been with Brooklyn ever since. One of the oldest players in point of service in the majors.  
Outstanding Feats — Finished second to Rogers Hornsby in batting during the 1923 and 1924 seasons.

BILLS FIGHT IN TOWN  
Madrid — Two enraged bulls locked horns in the center of the public square and fought until both of them lay bleeding and exhausted in the street. They had been hit by two carts, but quickly shook off their harm when the battle began.

RICKEY MAKES FEW TRADES TO BETTER CARDINALS' STAFF

Mike Gonzales, Cuban Star, Expected to Do Most of Catching

St. Louis, Mo. — With no outstanding trades made by manager Branch Rickey to strengthen the hurling staff, the St. Louis Cardinals appear to be little stronger for this year's National league drive than in 1924, when they finished in sixth place. The hitting of the team last season was good and the fielding at least average. The pitching generally was considered the weak link.

Of the veteran twirling talent, Dickerman and Sotheron pitched fairly good ball last season.

Mike Gonzales, the Cuban, is expected to do the bulk of the catching this year.

The Cardinals have enough outfielders on the roster for two or three teams but their quality with a few exceptions, is problematical. Jack Smith is considered the pick of the lot and almost certain to start in right, with Blades, the former infielder, in left.

The Cardinals will train at Stockton, Calif., where they will gather on or about Feb. 22. A schedule of 27 exhibition games has been arranged on the Pacific coast.

## Beautiful—Durable—Inexpensive

For about half what you expect to pay for a rug, you can buy a Kimlark Rug—lovely in design and color, remarkably durable in weave and texture, soft in finish, smooth and noiseless under foot, waterproof, fire-resisting, and impervious to moths. These beautiful rugs are finished on both sides, giving double wear. They are suitable for every room in the house, and so low in price that they can be used even for porches and summer cottages. Ask for them in the stores.

## ERA OF INDUSTRIAL CONSOLIDATION IS AROUND THE CORNER

Babson Predicts Many Business Mergers Will Take Place Soon

Babson Park, Florida — When discussing the present stock market situation Roger W. Babson, pointed out the probability of various industrial consolidations, and outlined the benefits expected from them. "Owing to the rapid rise in stock market prices since the election and noting recent erratic conditions, many wonder if the market has not seen its highest prices," says the statistician. "The most experienced observers, however, do not believe the highest prices have yet been reached and give for their reasons the improved domestic situation, the plentifulness of money for legitimate purposes, the restoration of Europe, and the conservative administration in Washington. All these favorable conditions exist yet there is another impending development which may be even a greater factor than any of these mentioned. I have in mind the probability of a number of consolidations among the industrialists, as well as the railroads, during 1925. If the market has already discounted these consolidations, then it may be around top prices; but otherwise many stocks should go higher before the present bull market culminates. "The first industrial depression this country ever witnessed was in the thirties and the first consolidations came at the close of that depression. The fact that these consolidations paved the way for the better times that followed. The next great depression came in the fifties and this was followed by further consolidations and the first great bull market. These consolidations especially affected the banks which had grown up like mushrooms in the twenty years previous. The next depression came with the panic of 1873. This in turn was followed by a third era of consolidations. This time the railroad was prominent. The next great depression came in the Nineties at the time of the Bryan free silver scare. This culminated with the Spanish American War and was followed by the first consolidation era of the industrialists. It was in this period that the United States Steel Corporation, Amalgamated Copper Company, American Woolen Company and various other industrialists were put together. In conjunction with these consolidations the market arose to great heights culminating in 1906. In this study it is interesting to note that these eras have occurred about twenty years apart, or one to each generation. Therefore, as far as statistics are concerned, we are, on this twenty year basis ready for another era of such consolidations, although I do not give this as my reason for feeling that such an era is now approaching.

"The real reason for such consolidations is that during a period of prosperity a large number of new concerns, in every line of business, sprang up, old concerns expand, and almost every industry becomes inflated and spreads out. This results in a total producing capacity in excess of normal demands. During depression—which according to the law of action and reaction is bound to follow—each industry gets into a position where it is making no money, and is subject to cut throat competition. The only way out is to reduce overhead, eliminate unnecessary competition, and produce and sell economically. This can be accomplished only through consolidations which, when properly consummated, reduce the cost both of manufacturing and selling. There is no reason why the present year should be an exception to the rule. History is bound to repeat itself, and the stage is now set in almost all industries for such consolidations. It is true that bank clearings are higher today and that a great quantity of goods are being consumed, but the average manufacturer is now making little profit owing to the high cost of manufacturing and selling. This condition cannot continue indefinitely and, if such consolidations do not take place, then the weak concerns will be eliminated through bankruptcy. "Of course consolidations of the

new wheat crop have been lumbering under the snow and the ice. That is taking place there no one can say. The period in which the new crop will remain thus mysteriously in the hands of the soil has weeks yet to run before we can know what the promise is. Reports of shorter seeding in other parts of the world are the only indication of what the future holds for the wheat farmers. In the mean time probably not less than 90 or 95 per cent of the old crop has passed out of the hands of the farmers. The transitional trading of the last few weeks has netted them little save in the way of a lesson.

Talk of the so-called wheat corner and whether it is due to natural influences of manipulation still goes on. But as time passes the situation is clearing up sufficiently to show that a natural demand from abroad—a demand which many big traders, like Julius Barnes, for one, predicted months ago—has been absorbing all offerings and running the price up.

**DISTRIBUTION**  
There seems to be no doubt that the people are buying more merchandise—more clothes, more groceries, more luxuries. The increase is not very great but it is definite and progressive. This is natural since employment has increased and earnings with it. Railroad traffic is on a very extraordinary scale. This is not an absolute test of business but it at least one important factor.

**DOES IT PAY?**  
In all this evidence of rising operations, however, the business man keeps asking—Am I making a profit on my business? Apparently he is making a better profit than he was at the beginning of last year. The railroads are making very good showings. And the experience of the railroads must furnish a pattern for business in the next few years. The business houses that apply scientific business methods to production costs will make profits. Those who do not will lose and will go out of business. This means that the next few years will be marked by numerous and fre-

quency of railroad and car material, oil field stock and special cuttings. All kinds of reports by the southern pine mills to be very strong. Export trade also is active, especially with South America. Orders from the West Indies are increasing, and some attractive business is also received from Europe. Both southern pine and Douglas fir remain in short supply, and the mills are well supplied with orders. Consequently they are not aggressive in looking for business, and prices are well maintained. Here and there some mills are offering slight concessions, but these have not had, and are not likely to have, any disintegrating influence on the market. Heavy rains in the South have seriously interfered with logging and small mill operations, are making for further strength.

The hardwood market remains in good position, with demand heavy for this time of year and prices advancing on the more popular items. The outlook is considered very good by hardwood and softwood manufacturers alike.

Mr. Babson referred specifically to the possibility of drastic consolidations in the automobile industry, the shoe and leather industry, the textile industry. "General business," he concluded, "is now again above the normal line, registering 5 per cent compared with 2.5 per cent below normal six months ago. I believe that during the next two months the Babson chart will continue to climb."

## Steady Price Increase Is Influence On Trade

BY JOHN T. FLYNN

New York—When all is said and done the most interesting and most significant development now observable in the business world is the steady rising line of prices. One month ago the general level of prices was represented by the index number 155, which means prices were 55 per cent above the pre-war level. Now they are 161 or 61 per cent above the pre-war level and 6 per cent above the level at the same time last month.

No single factor is playing a more potent part in the present business situation. More than one manufacturer has told me that price lists on the raw materials they use have been withdrawn. This leaves them in the position of not knowing what their products will cost them. This forces caution, even reluctance on them and slows up their operations. Uncertainty about prices at the same time that price levels are slowly but steadily mounting has been and is responsible for much of the guarded and super-cautious policy now controlling business.

### BETTER, ALWAYS BETTER!

One thing, however, cannot be questioned and that is the ever increasing rate of production. The Government examines the operations of 22 industries—all of the great basic and secondary lines. It finds all of them producing at least 25 per cent more than they did during the slow season last summer. It finds them doing on the whole 10 per cent better than they did at the beginning of December. Some of them doing twice as much as they did in the summer. The iron and steel industry for instance.

Among the industries that lead in resumption is the textile business. Wage adjustments are pretty generally established in this field. What is more, the mills have begun to get a line on just the extent of improvement they can count on.

### UNDER THE ICE

For seven weeks now the seeds of the new wheat crop have been lumbering under the snow and the ice. That is taking place there no one can say. The period in which the new crop will remain thus mysteriously in the hands of the soil has weeks yet to run before we can know what the promise is. Reports of shorter seeding in other parts of the world are the only indication of what the future holds for the wheat farmers. In the mean time probably not less than 90 or 95 per cent of the old crop has passed out of the hands of the farmers. The transitional trading of the last few weeks has netted them little save in the way of a lesson.

Talk of the so-called wheat corner and whether it is due to natural influences of manipulation still goes on. But as time passes the situation is clearing up sufficiently to show that a natural demand from abroad—a demand which many big traders, like Julius Barnes, for one, predicted months ago—has been absorbing all offerings and running the price up.

## SAVINGS DEPOSITS PERCENTAGE OF INCREASE DURING 1924

quent consolidations and reorganizations. The weaker brothers will fall by the wayside or be taken over by their stronger rivals.

**THE SINEWS OF WAR**  
In the meantime everyone is interested in the question of money. The year it seems, is to be marked by heavy financing operations and the expansion of business. Is the money going to hold out, particularly with foreign borrowers drawing on us so heavily? The bankers say there is nothing to fear on this score, that we have more money than we can use and that the worst that can happen to us is to see a little rise in the cost of using it. This has been promised for some time and if business continues on the up grade we will undoubtedly see a stiffening in the money rates before long.

**OUR RESERVES**  
Incidentally it is of more than passing interest that our savings are growing at so rapid a rate. When estimating the buying power of the public, which in this is the final force behind all business, the rate of savings is always a factor of prime importance. The growth during 1924 was very large. It is continuing, according to reports, into the present year at an even more rapid pace. Copyright by U. S. C. News Service, Inc.

## RISE IN DEMAND IN LUMBER MARKET

A rising demand features the lumber market, says the American Lumberman, Chicago. Bookings by both the southern pine and Douglas fir mills reporting to their respective associations were restricted during the first part of January, due largely to weather conditions interfering with domestic consumption; but a marked increase occurred toward the middle of the month, boosting orders up to about normal and above production by a fair margin. According to reports received this week from the principal producing sections, this relative position remains unchanged.

The largest movement seems to be to industrial consumers and cargo markets, while interior trade is still limited on account of weather unfavorable to outdoor work and the hesitancy of retailers to buy before they can definitely ascertain their future requirements. Of the new business booked by the fir mills reporting to the West Coast Lumbermen's Association during the week ended Jan. 17, 49 per cent was for delivery by cargo—30,418,750 feet to domestic ports and 21,489,000 feet to foreign destinations. This last figure is unusually large, indicating that export business has had a definite development. Cargo shipments of fir during the same week totaled 64 per cent of the total deliveries.

The demand for railroad and car material, oil field stock and special cuttings all kinds is reported by the southern pine mills to be very strong. Export trade also is active, especially with South America. Orders from the West Indies are increasing, and some attractive business is also received from Europe.

Both southern pine and Douglas fir remain in short supply, and the mills are well supplied with orders. Consequently they are not aggressive in looking for business, and prices are well maintained. Here and there some mills are offering slight concessions, but these have not had, and are not likely to have, any disintegrating influence on the market. ## LONG EXPERIENCE, GOOD MATERIAL IS SECRET OF SERVICE

Herman Kottke Has Experience and Equipment for Satisfactory Work

Years of practical experience enabled Herman Kottke, blacksmith and builder of wagons and sleighs, to give his customers the best of service. Mr. Kottke has been at his present location, 695 Appleton, for the last 30 years and was active in his work for many years before that. His work shows the difference between skilled and unskilled labor and his shop is thoroughly equipped with all the tools and appliances necessary for the best of service.

Mr. Kottke believes that time is worth money and uses that idea in his work. His quick, yet very efficient service meets all demands of customers. This service enables him to do quite a little iron work for contractors in Appleton and neighboring cities.

He does all kinds of general blacksmithing and horseshoeing and understands the needs and requirements of horses thoroughly. Because of the slippery streets and bare roads, he does much horseshoeing at the present time. The calls used by Mr. Kottke for this work are some of the best-known and most highly advertised on the market. He believes in using the best materials, even though they are the highest price, as they give the best service.

Only the best of timber is used in building wagons and sleighs of all kinds and for all other purposes. This work is taking up much time at present.

Mr. Kottke's clientele takes in the entire county, people bringing their work to him from miles around. He has completed jobs for customers in Menominee, Mich.

His workmen are experienced in the work. One man has been employed by Mr. Kottke for 20 years and the others for almost as long. These experienced workmen know the customers and their needs so that the best of service is guaranteed in more ways than one.

## RICH, HEALTHY, INDIANS SHOW BIG INCREASE

Gain of 2,599 in Past Year Brings Total to 346,902, Report Indicates

Washington—An increase in the country's Indian population and a marked improvement in health conditions on their reservations were noted in an annual report by Indian Commissioner Burke.

Growth by 2,599 in the past year to a total of 346,902 in a population to total entirely dependent on the difference between the birth and death rates, is accepted as proof that the Indians are becoming a healthier people.

Campaigns being conducted against trachoma and tuberculosis, the most prevalent Indian diseases, are yielding results, and the commissioner seeks an additional appropriation of \$130,000 to carry on the work.

A gain in school attendance also was noted. 65,454 Indians having been enrolled in various schools, representing an increase of 4,071 over 1923. In three years the number of teachers in the Indians' summer training schools has grown from 24 to 325.

Although oil and gas operations on Indian reservations were less than normal, the leaseholdings reached 226,910 acres; 49,640,458 barrels were produced, and the total revenue was \$29,145,517. A tract of 180 acres on the Osage reservation in Oklahoma was leased for nearly \$2,000,000 and several others brought more than \$1,000,000 apiece. The Osages alone realized \$2,670,483 from oil and gas.

Lumber cut on all reservations aggregated 20,000,000 feet which yielded the Indians \$1,932,000.

Pima Indians in Arizona will be especially benefited by a \$5,500,000 dam to be constructed on the Gila River near San Carlos.
